

NAPERVILLE COMMUNITY UNIT SCHOOL DISTRICT 203
JUNIOR HIGH SUMMER SCHOOL 2015

Dear Parents and/or Guardians:

In an effort to provide additional opportunities for those students desiring an extension of the school year, we are offering a junior high summer school program again this year. All summer school classes will begin on Monday, June 8 and end Friday, June 26. Classes run Monday thru Friday.

Classes will meet at **Lincoln Junior High School, located at 1320 Olympus Drive.**

Transportation will be available for summer school this year. Information regarding your student's bus number and location of drop-off and pick-up will be sent to your home by the NCUSD 203 Transportation Department. BUS TRANSPORTATION is ONLY available for Session 1 arrival which is at 8:30 a.m. and at the end of Session 2, which is at 12:00 p.m. **The deadline for registration that includes transportation is May 20, 2015.**

Eligibility for transportation will follow the regular school year bussing policies found at: <http://www.naperville203.org/domain/874>.

Course offerings are listed in following pages.

- Summer School Program is offered on a tuition basis only for all courses.
- In-District tuition is \$160 per 1.5 hour course/Out-of-District is \$240 per 1.5 hour course
- In-District tuition is \$320 per 3.0 hour course/Out-of-District tuition is \$480 per 3.0 hour course.

- A non-refundable cancellation fee of \$25 per class will be charged for students canceling registration after May 29, 2015.
- No refunds will be granted after June 10, 2015.

Please register online OR turn in a complete paper registration using the form on the last page of this packet.

If you have any questions, please do not hesitate to contact me. I look forward to working with your student this summer!

Sincerely,

Jacque Discipio
Director
6-8 Summer School Program

JUNIOR HIGH SUMMER SCHOOL 2015
2015 COURSE DESCRIPTIONS

All courses run Monday, June 8, 2015 - Friday, June 26, 2015
(Monday thru Friday)

CODE HS

Grades: Incoming 6th-8th

CodeHS is an online program which will introduce students to programming and computer science principles in order to spread the knowledge of computer science to students through an online medium. In this self-directed and self-paced class, students will learn the fundamentals of computer science while creating their own animations, graphics, and games for the web. Students will acquire knowledge through watching videos, working in the browser and then getting help and direct feedback from Summer School Staff.

ENRICHED MATH

Grades: 6th- 8th

This course is designed for Honors Math students entering 6th, 7th, or 8th grades. This class is not intended to fill in learning gaps or cover material that students will learn the following year in Honors Math. Rather, this class will engage students in challenging math related activities in order to help increase critical thinking skills and improve analytical abilities. **This course does not meet the requirements of junior high Honors Math.** While the class is geared for Honors Math students, students in general education who show outstanding math achievement, motivation, and passion for math may also be considered. If the student is not currently enrolled in junior high Honors Math, a short letter of recommendation from his/her current math teacher should accompany the registration form or be emailed to jdiscipio@naperville203.org.

ESSENTIAL LITERACY SKILLS

Grades: 6th-8th

This course strengthens listening and note taking skills and provides instruction in reading and writing for students. It focuses on improving reading strategies and comprehension skills as well as accuracy and fluency. Additionally, CRISS and basic test taking strategies will be reviewed. Basic organizational skills that facilitate the development of student responsibility will also be emphasized.

5th GRADE MATHEMATICS

Grades: Students who have COMPLETED 5th GRADE

This course, **for students who have completed 5th grade**, is designed to review fundamental skills of multiplication and division, operations with fractions and decimals and basic expressions/equations/inequalities as contained in the 5th grade curriculum. This class is designed for students with below-average skills in math who need reinforcement before entering the 6th grade.

6th GRADE MATHEMATICS

Grades: Students who have completed 6th grade

This course, **for students who have completed 6th grade**, analyzes the student's present performance in the 6th grade mathematics curriculum and provides instruction in basic computation, fractions, decimals, percents, measurement, and problem solving. This class is designed for students with below-average skills in math who need reinforcement before entering the 7th grade.

7th GRADE MATHEMATICS

Grades: Students who have completed 7th grade

This course, **for students who have completed 7th grade**, analyzes the student's present performance in the 7th grade Math and provides instruction in the focus areas of geometry, number sense and basic computation. This class is designed for students with below-average skills in math who need reinforcement of 7th grade math concepts before entering the 8th grade.

PLTW: FLIGHT AND SPACE

3 hours per day

Grades: Incoming Grades 6th-8th

Do you have an interest in airplanes, rockets and space? The exciting world of aerospace comes alive through the Project Lead The Way (PLTW) Flight and Space summer course. Students explore airplanes, rockets, aerodynamics, and flying, living and working in space. They will use their knowledge to design, build, and test a working aircraft wing. Custom-built simulation software allows students to experience space travel and driving and navigating on the moon. "Take Off" this summer for the exciting world of flight and space.

READ, WRITE and RUN

Grades: Incoming Grades 6th-8th

The academic focus of the course is literacy based, offering several different learning opportunities for students to work collaboratively in the following areas: Literature Circles, Vocabulary Building, Socratic Seminars, and Readers' Theater. A fitness component has been incorporated into this course to help fire-up the synapses enabling the brain to build new bridges for future learning!

SHAKESPEARE IN THE SUMMER

Grades: Incoming Grades 6th-8th

This course is designed for Project Idea (PI) students entering 6th, 7th, or 8th grades. During this course, students will read and compare modern day Shakespeare to classical Shakespeare. They will also prepare small group and individual performances using costumes, make-up, scenery, props, and movement. In addition, students will participate in character development, voice, and movement workshops. **This course does not meet the requirements of the junior high PI class.** While the class is geared for PI students, students in general education who show outstanding critical thinking, motivation, and passion may also be considered. If the student is not currently enrolled in PI, a short letter of recommendation from his/her current language arts teacher should be emailed to jdiscipio@naperville203.org.

NAPERVILLE COMMUNITY UNIT SCHOOL DISTRICT 203
JUNIOR HIGH SUMMER SCHOOL 2015
REGISTRATION

Registration will begin on **January 7th, 2015**. Students planning to attend Junior High Summer School should register for courses as soon as possible, as enrollment is on a first-come, first-serve basis. Some classes do fill up and close quickly. Also, a minimum student enrollment figure for each class must be met in order to run the course.

Register for Junior High Summer School using **one** of the following methods:

ONLINE– Register online at <https://naperville203.revtrak.net>. (Please Note: There is an additional 3.6% transaction fee on the total tuition bill).

1. Click on Summer Learning & Athletic Camps
2. Scroll down to the Junior High Summer School heading
2. Click on the subject area that you are interested in
3. Click on the course number that you wish to register for
4. Credit cards are the only method of payment for ONLINE registration.

OR

PAPER- Using the form on the last page of this packet.

1. Registration forms must be signed by the student's parent or guardian.
2. All students need properly completed forms and the tuition/course payment at the time of registration.
3. Cash and check should be used for PAPER registration.
4. Drop off at Washington Junior High School OR mail to:
Washington Junior High School
Summer School Program
c/o Jacquie Discipio
201 N. Washington Street
Naperville, IL 60563-8998

Confirmation Notice and Receipt of Payment:

If you registered your child on the District 203 Summer School internet site, you will receive an e-mail confirming that your child is registered along with a receipt of payment. There is no need to complete the paper copy of the Summer School Student Registration Form, as you have completed all of the information that was requested electronically.

If you register your child using the paper registration packet, you will receive an email confirmation once your paperwork is processed.
