

Jill Wroble is a stay at home mom, living in Green Trails, who has been volunteering within Naperville CUSD 203 since 2010. After completing undergraduate and graduate studies at the University of Illinois Urbana-Champaign in 1993 and 1995, Jill worked full time as a structural engineer assisting in the construction of dozens of schools, libraries and healthcare facilities in the Chicagoland area. The birth of daughters Celia, in 2005, and Stephanie, in 2007, prompted Jill to transition to part-time work status. In 2009, the opportunity to stay at home full time became a reality and thus, opened the door for her to volunteer at the girl's school. Beginning in 2010 at Steeple Run Elementary School Jill participated as a Room Parent and collaborated on a new committee, Math Stars, assisting children with their math skills. 2012 ushered in changes with new school boundaries and the Wroble family was introduced to 'The Ranch'. As part of the Ranch View Elementary community Jill has shared the Manna Co-Chair position since 2012 where collections for the Staff Appreciation have risen 150%. Other committees she participates in include Head Room Parent, Book Fair, 5<sup>th</sup> Grade Liaison, Outdoor Classroom, Field Day, Ranch Hand and Clerical Aide. Jill lends a hand at Saddlefest, Health & Safety vision screenings, bus drills, Hospitality and teacher appreciation week. In 2014 Jill accepted a nomination to the Home & School Executive Board as the Vice President 2 and most recently the position of President in 2016. Responsibilities as President focus on functioning as a liaison between the District General Home & School Association and Ranch View, on fundraising efforts to align with the School Improvement Plans, encouraging our membership to participate in extracurricular development and supporting volunteerism. In closing, with every volunteer effort Jill hopes the Ranch View community of faculty, parents and students have fun and are uplifted at Home and School events.

Dawn Swiderski has a degree in Finance and Economics from DePaul University. She worked as a Financial Analyst for ten years before leaving to start her own photography business. Dawn is the co-chair of the Yearbook, Outdoor Classroom and Field Day committees and volunteers regularly around the Ranch. Her daughter is in 3rd grade and her family loves being an active part of the Ranch View community.

My name is Audrey Minor and I have 2 children who currently attend Ranch View Elementary, Colin is in 4<sup>th</sup> grade & Payton is in 2<sup>nd</sup> grade. I am currently serving on the E-Board in the role of Vice President 2 & have greatly enjoyed being able to volunteer in a new way at the school. I have been very involved with Home & School over the last 4 years. I spent three years heading up the Book Fair committee, one year as the Market Day chair & this is my second year co-chairing Saddlefest. Additionally, I am a co-leader for my daughter's 2<sup>nd</sup> grade Brownie Troop. Before deciding to stay home with the kids, I was a Project Manager at a marketing research firm and handled companies such as AT&T and Microsoft. I enjoy reading, painting & spending time with my family. I've found great satisfaction in being able to volunteer for the school and helping to make a difference in the lives of our children. I am excited by the possibility of continuing my current position on the E-Board!

My name is Erin Wikman and I am interested in the position of Home and School Treasurer. I have a daughter, Peyton, who is in second grade here at Ranch View and a son, Nate, who is 4 years old. During the past three years, I have had an opportunity to get involved with the Ranch View Home and School. I am the current Home and School Treasurer, co-chair of Winter Program DVD sales, and help with the Yearbook Committee. I am a Certified Public Accountant and spent many years working as a financial consultant in both public accounting and boutique consulting firms prior to having children. I currently perform part-time contracting work from home and am also working on my MBA at Northern Illinois University. Additionally, I serve as a co-leader and treasurer for my daughter's Brownie Troop, which involves setting budgets and handling all aspects of finances for the group. I enjoy traveling, reading, and spending time with my family and friends. I really enjoy volunteering at Ranch View and am excited for the opportunity to continue my involvement with the school and wonderful community!

I, Michelle Clark, have attended the vast majority of Home and School Association monthly meetings over the last six years that my daughter has gone from being a kindergartener to a fifth grader at Ranch View School. I enjoy staying informed about the school community through updates I hear from the principal and fellow parents who attend the meetings. My family has enjoyed participating in events sponsored by H & S, such as the book fair, ice cream social, restaurant nights, Saddlefest, the Science Fair, the family game night, roller skating party, parent presentations, and more. Because we have benefited from these experiences, I want to help ensure that they and other valuable programs continue to be offered at Ranch View School. Therefore, I am stepping forward to offer to volunteer on the Executive Committee, in order to give back some of what we have been given.

As Chair of the Ranch View Review, I have edited and completed the layout for the Ranch View Review for more than 5 years. I have also enjoyed being a room parent at class parties each year, assisting children with their wish lists at the book fair and helping keep the books organized on the tables, assisting with rock-wall climbing for my daughter's class, and being an Art Partner when the program was running. As my son moves into kindergarten and my daughter advances to Kennedy Junior High School next school year, I would like to help with the many details that the Home and School Executive Board oversees. Due to my training as a mental health professional, the Social Emotional Learning that occurs at Ranch View has always been of special interest to me. As Ranch View will be working with a new principal and a new assistant principal next year, I plan to be welcoming to the new administrators; and, through my work with the H & S, I would like to help them continue to enhance the strong positive characteristics of the school community. As a member of the Home and School Executive Board, I would work to strengthen the connections between families and the school because those relationships are vital to the success and well-being of our children.
