ELITE
Leadership Institute

Our Mission

“If we did all the things we were capable of, we would astound ourselves.”

~ Thomas Edison

Every child is a genius. But only a few are able to, under careful guidance, let the genius shine through. Starting from the western suburbs of the Chicagoland area, we seek to be that careful guidance. With caring and motivated teachers combined with fun classes and activities, students will gradually learn to unlock and utilize their greatest potential.

School location:

5700 College Rd., Lisle, IL 60532, United States

Our Teachers

Ann Farrell is a highly trained and Certified Master Executive Coach. She combines 30-years of corporate experience leading groups as large as 5,000 and budgets as big as \$8 billion with coaching best practices. She has coached more than 1,000 executives, senior and emerging leaders in organizations including: GE, BP, AllState, Cubs, Northwestern University, etc.

Harry Bodell is currently the Assistant Speech and Debate Coach at North Central College. He has coached numerous students who received national, state, and local awards at high school and college levels. He has won over 100+ awards as a speech and debate competitor.

Ian Morris is a published writer, educator, and editor. He has taught writing for over 30 years to students ranging in age from five to fifty. He is currently an instructor and magazine editor at Columbia College Chicago. He received his Masters of Fine Arts in Creative Writing.

Kali Froh coached high school debate for three years. In these years, Ms. Froh spurred the creation of two separate debate programs that were both nationally ranked at the end of her tenure. As a debater, Ms. Froh was highly successful in both Lincoln Douglas and Congressional debate. She won the Illinois State Championship tournament and was named best speaker in Lincoln Douglas. Additionally, she made it to late elimination rounds at both the Harvard and Glenbrooks national debate tournaments.

Larry Balfe has 30 years of teaching experience in speech & debate, having coached champions in Texas Forensic State Championship in Dramatic, Humorous, and Duet Acting, Extemporaneous and Oratory.

The Adventure Begins

Week 3: 31/07 - 04/08

Time: 9:00am - 3:30pm

Before Care and After Care available

Writers' Workshop

Each student in the class is a developing author in the writer's workshop. The teacher is a writing professional and peer coach, guiding students as they explore their craft.

MathCounts®

Preparation and training for the MathCounts® competitions through rigorous, systematic discussion and practice of 30+ MathCounts® topics.

Volleyball

The Volleyball camp is designed to teach and develop volleyball athletes with specific techniques and strategies.

Debate Camp

This is targeted for middle school students. Students will learn to look at disagreements and controversies under multiple perspectives while exercising critical thinking and improvisation skills.

Speech / Drama Camp

This camp is ideally suited for middle and elementary school students. Participants explore a variety of activities, including: Public Speaking, Impromptu and Drama, integrating skills in a play performance at the end of the camp.

Lego Robotics Camp

The camp teaches students how to build robots, design EV3 and Scratch programs, participate in the robot challenge, and work as a team. The students will also learn valuable researching and communication skills.

Leadership Development Camp

A series of workshops teaching students self-efficacy in leadership, emotional intelligence, personal presence, interpersonal effectiveness, communication and interview skills.

SAT/ACT Math Camp

Dive into this full immersion summer prep camp and emerge completely ready to take on the SAT. You'll cover every single topic tested, learn exclusive strategies, and practice in class until you've thoroughly mastered all the material.

PSAT 8/9®

Train for the PSAT 8/9®, a placement test 8th Graders will take to be put into high school courses. We will cover both the Math Section and the Language Arts Section.

Join us for a summer of fun learning!
