## Get Ready for College – Ready for a Career

### 21 CAREER STUDY PROGRAMS

Computer Information Systems & Game Design

Computer Science Principles

Electronics Technology

Precision Engineering & Design Technology

Multimedia & TV Production

Criminal Justice

Fire Science / EMT

Healthcare Foundations

Medical Terminology & Healthcare Careers

Nursing Assistant Training Program

Auto Body Repair & Refinishing

Automotive Technology

Construction Trades

Residential Wiring

HVAC & Refrigeration

Welding Technology

Cosmetology

Early Childhood Education & Care

Professional Cooking, Baking, & Service

### Pathway to Engineering\*

Introduction to Engineering Design

Principles of Engineering

Civil Engineering & Architecture

Computer Science Principles

Digital Electronics

Engineering Design & Development

\*TCD is a Certified Project Lead The Way (PLTW) School

Click on program name above,  
or visit [www.tcdupage.org](http://www.tcdupage.org) for complete program descriptions

### Unique College Prep For Career-Minded High School Students

Since 1974, Technology Center of DuPage (TCD) has given over 25,000 DuPage high school students a head start on college and a career.

Through TCD's accelerated programs, juniors and seniors can:

- Explore a career interest in a project-based learning environment
- Earn both high school and free college credit at the same time
- Discover career paths and their postsecondary education requirements
- Obtain industry certifications and network with professionals in the field
- Develop skills critical for success in college and today's competitive workplace

### TCD Is An Elective Part Of Your High School!

Usually replacing study hall or elective courses, TCD programs are two-hour sessions, five days a week, with transportation provided to and from the Technology Center of DuPage campus.

### Plan Ahead to Take Advantage of a TCD Program.

[www.tcdupage.org](http://www.tcdupage.org)

### How Much Does It Cost?

As an elective part of high school TCD does not charge tuition, and bus transportation is provided. There is a modest flat fee for books and supplies; see [www.tcdupage.org](http://www.tcdupage.org) for more information.

### What Do Former Students Say About Technology Center Of DuPage?

"TCD opened my eyes to all the possibilities."

*Haley J. / Downers Grove South  
TCD Medical & Health Care Careers*

"My TCD program opened doors for me, providing scholarships, real life experiences, and a head start on college. I tested out of an entire trimester at Johnson & Wales University."

*Brittney M. / Waubonsie Valley  
TCD Culinary*

"I want to major in engineering and these courses really helped me understand what engineering is about."

*Mike W. / Hinsdale Central  
TCD Pathway to Engineering*

"TCD had a huge impact on my life – it really prepared me for college. Now I am responsible for projects and equipment across 22 states. On a daily basis I use the diagnostic logic I learned at TCD to problem solve."

*Brian M. / Glenbard South  
TCD Automotive Technology*
