

All New! Creating a Parent Observer Account in Canvas

Parents will be required to create a brand new account in Canvas as an Observer! Previous accounts will be removed. Creating your account and adding your District 203 students is a one-time setup with ease! Once the account and students are set up, you will have access as an Observer to not only your student's current school year classes but also maintain a history of all the classes your students were ever enrolled in from District 203. Access as an observer is instantaneous!!

*To create an account you will need to go into a browser window and enter
