

2025-2026 Adopt-A-School Liaisons

To foster relationship building and communication, Board members may be assigned to serve as an adopt-a-school liaison for each Naperville 203 student service center. As an adopt-a-school liaison, the Board member may be invited to represent the Board at the school's Home and School meetings, be invited to attend special events at the school, or be a first point of contact on behalf of the Board for that school as needed. Adopt-a-school assignments are reviewed annually.
