

Mary Poppins: Junior

This year's musical is the famous Disney story about Mary Poppins and the Banks family. George and Winifred Banks children, Jane and Michael, were in desperate need of discipline. Always mischievous and constantly causing chaos wherever they went, Jane and Michael were actually just looking for ways to garner their father's love and affection. Mary Poppins, seemingly appearing from nowhere, creates an atmosphere of loving discipline for these children while, simultaneously, showing a lost father his softer side.

Through seemingly magical means, Mary Poppins takes the children on journeys to strange worlds of laughter and dirty chimneys. Sometimes you have to get messy in order to learn how to clean yourself up.
