

Attendance Matters!

We are attempting to establish regular attendance patterns with our students since it has been shown that there is a positive relationship between regular attendance, punctuality and school success. Getting into the habit of daily attendance matters more than ever and going to school is an opportunity for your student to:

- Build routines that help to reduce stress.
- Connect to their friends and teachers.
- Engage in learning.

Our district policy encourages the most regular attendance pattern possible for all students. The dates of your student's absences can be accessed by clicking the "Infinite Campus Parent Portal" icon on the District website.

Attendance is monitored and reviewed on a monthly basis to identify those students who have missed more than 10% of their school days, which is defined as being chronically absent by The Illinois State Board of Education. Parents will be notified via letter regarding any attendance concerns for their individual students.
