

Dear Scott Families,

Welcome to the 2020-2021 school year.

I hope you and your family have enjoyed the summer weather and extra family time. Although our circumstances are different this year I am looking forward to a new school year of learning with you and your children.

As you know, we will begin the school year on September 1, 2020 within an eLearning environment. Starting the year within this new learning environment will require a stronger partnership than ever before between home and school. We recognize that during this first eLearning phase it is imperative that students and parents feel comfortable with the eLearning format, expectations and tools. It will be our first priority to clearly communicate those to families. In addition, we will prioritize building relationships between students and their teachers and peers. We value those connections!

To assist families and students in making seamless connections to staff and the learning content all teachers and families will be utilizing Canvas© -- a web-based learning management system. Each teacher will create a Canvas “landing page” containing links to all lessons and information that support eLearning. More information will be forthcoming regarding directions for parent access and new upgrades to the system that improve ease of use.

Classroom teacher assignments for Early Childhood through fifth grade will be posted through Infinite Campus on Tuesday, August 25th at 3:00 p.m. Parents will access their child’s classroom assignment via the Infinite Campus Parent Portal. Visit the District website (<http://www.Naperville203.org>) and click on the Campus Portal link on the left side. If you have not already signed up for an Infinite Campus account, you can complete this step now. Follow the prompts to create your parent account. If you have difficulty with your account, contact the helpdesk by email at campusportal@naperville203.org.

If you purchased School Supply Kits they will be available for parent pick up along with other eLearning materials. Timelines and procedures for that process, as well as information regarding pick up procedures for district I pads and or Chromebooks, will be forthcoming.

Physical examinations are still required for students who are entering kindergarten as we open in an eLearning model. Children in kindergarten and grade two must also show proof of a dental examination. Children entering kindergarten must show proof of a complete vision exam by a licensed optometrist or ophthalmologist prior to school entrance. Students new to Illinois need

to present evidence of a physical exam within the past year. Children entering kindergarten must also have a verified birth certificate. These requirements must be met by the first day of school.

Thank you for providing all required registration information. This information is critical in order for us to maintain accurate records of important information. If you have had any changes over the summer months such as telephone numbers or contact information, please be sure to update that information on the Campus Parent Portal <http://www.Naperville203.org>. If you have a change in address, you will need to go to the Centralized Enrollment Office located at the Auditorium entrance at Naperville Central High School.

The summer mailing documents that follow this introduction letter provide additional information regarding the beginning of the school year. Please review them and contact our office with any questions you may have.

This year, more than ever, your partnership is critical to the success of every child, every day. Please do not hesitate to contact me with questions, concerns, or general feedback. I can be reached at hboger@naperville203.org or (630) 420-6477.

I look forward to seeing you all this year. Together We Can!

Hugh Boger
