

NAPERVILLE COMMUNITY UNIT SCHOOL DISTRICT 203

JUNIOR HIGH SUMMER SCHOOL 2023

Dear Parents and/or Guardians:

In an effort to provide additional opportunities for those students desiring an extension of the school year, we are offering a junior high summer school program again this year. All summer school classes will operate Monday through Thursday, beginning on Monday June 5, 2023 and will end on Thursday, July 13th, 2023. There will be no classes on Monday, June 19th along with Monday, July 3rd and Tuesday, July 4th 2023 in observance of holidays. Classes will be held in person, however students will need their Chromebooks to access learning materials on Canvas.

Classes will meet at **Kennedy Junior High School, located at 2929 Green Trails Dr. Lisle, IL. 60532**

An informational **Parent Orientation Video** will be shared in early May, 2023.

SUMMER SCHOOL TRANSPORTATION:

Transportation will be available for \$30 per semester for qualifying District 203 residents in grades K-12. Registration received prior to 4:00 pm on **May 19, 2023** will be used to construct bus routes. **Bus routes are unique to summer enrollment and may not reflect the established routes of the regular school year.** Registrations that include transportation submitted after May 19, 2023 will not be considered in the development of bus routes; however, students will be able to join an existing route once they are posted. If joining a bus route after May 19, it will take at least 3 days to add students to the bus route. If this happens after the start of summer classes, it will be the responsibility of the family to provide transportation until the bus roster is updated. This transportation is ONLY available for Summer School Session 1 arrival, which occurs between 7:30-8:30 a.m. depending on the summer school site, and at the end of Session 2, between 11:25 and 12:20, depending on the summer school site. Eligibility for transportation will follow the regular school year bussing policies found at:

<http://www.naperville203.org/domain/874>. **Students who are current walkers at Kennedy Junior High, will not be eligible for transportation.** ELL and ESY programs will continue to provide transportation at no cost. ***

ALTERNATE BUS STOP INFORMATION

Students who are regularly transported to or from a bus stop other than the one assigned for their home address must have a signed, current request on file at the District's transportation office. This form is required when a day care is used and the student must be picked up or dropped off at an alternate location. This form is required to be filed annually or whenever a change is made and must be filled out for summer school even if it was already filled out for the regular academic school year. Forms must be received by **May 19, 2023** in order to be processed for the first day of summer school. Requests received after school has started require at least 3 days processing time. Requests may not be honored if the requested bus is at capacity. Click here to download the Request to Transport Student to/from a Different Bus Stop: [Request to Transport Student to/from a Different Bus Stop](#).

ALIVE CENTER

We are proud to continue our partnership with the ALIVE Center for families of students at our Junior High and High School summer sites who need after school care. The ALIVE Center will provide activities for students in our Junior High and High School summer programs daily from 12-5pm. The ALIVE Center camp is FREE TO ALL participants and lunch will be served daily, also free of charge!

Students attending JH Summer Learning will be bussed from KJHS to the ALIVE Center. More information on the ALIVE Center is available at www.alivenaperville.com. Registration for the ALIVE camp is available by clicking the following link and following the registration directions below. Junior High registration is limited to 40 participants on a first come, first served basis. <https://alivecenter.recdesk.com/Community/Home>

Steps:

Click the Create Account button (there are no fees)

Create a parent/guardian account

Add each eligible child entering grades 6-12 as a "Household" member

Students will sign in on their own when they arrive each day and have access to all of the ALIVE Center's free programs!

NAPERVILLE COMMUNITY UNIT SCHOOL DISTRICT 203

JUNIOR HIGH SUMMER SCHOOL 2023

Monday, June 5, 2023 - Thursday, July 13, 2023 (**Monday to Thursday**)
Located at Kennedy Junior High, 2929 Green Trails Dr. Lisle, IL. 60532

Semester 1: June 5th-June 22nd (no class Monday, June 19th)
Semester 2: June 26th-July 13th (no class Monday, July 3rd or Tuesday, July 4th)

Session 1 - 8:10-9:40

Session 2 - 9:55-11:25

Course offerings are listed on the following pages. All Courses are listed by the Student's EXITING Grade

Registration Information:

- The Summer School Program is offered on a tuition basis only for all courses. **Students who qualify for free or reduced lunch will receive a fee waiver.**
- Registration will begin on **March 1, 2023**
- Tuition is \$195 per 1.5 hour course, \$390 per 3.0 hour course
- In the event of a course cancellation, a non-refundable registration fee of \$25 will be assessed for each class your child is registered for
- No refunds will be granted after June 6, 2023 for first semester and June 27th, 2023 for second semester
- Registration with transportation needs to be completed by **May 19, 2023** to be included in transportation route planning. Registration with transportation after May 19, 2023 will be limited to established routes.
- All students need properly completed forms and the tuition/course payment at the time of registration.

Register for Junior High Summer School using **one** of the following methods:

- **ONLINE**– Register online at <https://www.studentquickpay.com/naperville203/>.
 - o (Please Note: There is an additional transaction fee on the total tuition bill).
- **PAPER**- Using the form on the last page of this packet.
 - o Cash and check should be used for paper registration.
 - o Drop off OR mail to:
District 203 Junior High Summer Learning
203 W. Hillside Rd.
Naperville, IL 60540

Confirmation Notice and Receipt of Payment:

If you registered your child on the District 203 Summer School internet site, you will receive an email confirming that your child is registered along with a receipt of payment. There is no need to complete the paper copy of the Summer School Student Registration Form, as you have completed all of the information that was requested electronically.

If you register your child using the paper registration packet, you will receive an email confirmation once your paperwork is processed.

If you have any questions, please do not hesitate to contact me. I look forward to working with your student this summer!

Sincerely,

Eric Decker
Director 6-8 Summer School Program, NCUSD203
edecker@naperville203.org

LITERACY

5th Grade Themes in Literacy

Take the chore out of reading fiction and nonfiction by expanding your strategy toolbox in this course. Use those tools to build your writing, speaking and listening skills. Interact with other incoming 6th grade students as you immerse yourself in high-interest texts focusing on themes that change each week. *This course is designed for a 6-week experience. Students may register for either 3-week session on its own, but 6-weeks is recommended.*

Grade 5 Semester 1 and Semester 2 - Session 1
Semester 1 and Semester 2 - Session 2

6th Grade Themes in Literacy

Take the chore out of reading fiction and nonfiction by expanding your strategy toolbox in this course. Use those tools to build your writing, speaking and listening skills. Interact with other incoming 7th grade students as you immerse yourself in high-interest texts focusing on themes that change each week. *This course is designed for a 6-week experience. Students may register for either 3-week session on its own, but 6-weeks is recommended.*

Grade 6 Semester 1 and Semester 2 - Session 1
Semester 1 and Semester 2 - Session 2

7th Grade Themes in Literacy

Take the chore out of reading fiction and nonfiction by expanding your strategy toolbox in this course. Use those tools to build your writing, speaking and listening skills. Interact with other incoming 8th grade students as you immerse yourself in high-interest texts focusing on themes that change each week. *This course is designed for a 6-week experience. Students may register for either 3-week session on its own, but 6-weeks is recommended.*

Grade 7 Semester 1 and Semester 2 - Session 1
Semester 1 and Semester 2 - Session 2

Read Write Run 5th Grade

This course was created to help students entering 6th grade to rebuild essential literacy skills and to keep them reading and writing throughout the summer. Students will engage in different opportunities for collaborative learning including reader's workshop, Socratic seminar, and literature circles. A fitness component has been incorporated into this course to help fire-up the synapses, enabling the brain to strengthen and build new bridges for future learning. *This course is designed for a 6-week experience. Students may register for either 3-week session on its own, but 6-weeks is recommended.*

Grades 5 Semester 1 and Semester 2 - Session 1
Semester 1 and Semester 2 - Session 2

Read, Write, and Run 6th and 7th Grade

This course was created to help students entering grades 7-8 rebuild essential literacy skills and to keep them reading and writing throughout the summer. Students will engage in different opportunities for collaborative learning including reader's workshop, Socratic seminar, and literature circles. A fitness component has been incorporated into this course to help fire-up the synapses, enabling the brain to strengthen and build new bridges for future learning. *This course is designed for a 6-week experience. Students may register for either 3-week session on its own, but 6-weeks is recommended.*

Grades 6,7 Semester 1 and Semester 2 - Session 1
Semester 1 and Semester 2 - Session 2

Shakin' Up Shakespeare

This 3 week course is designed for PI students entering 6th, 7th, or 8th grades. Get ready to participate in character development, voice, and movement workshops, outside when we can! As we delve deeply into texts from Shakespeare classics to modern favorites, we will think more deeply about what we read! While the class is geared for PI students, students in general education who demonstrate strengths in critical thinking, motivation, and passion are also invited. If the student is not currently enrolled in PI, a short letter of recommendation from his/her current language arts teacher should be emailed to edecker@naperville203.org.

Grades 5,6,7 Semester 1 - Session 2
Semester 2 - Session 1

Breaking into Print— Create a magazine from start to finish

Write about what you love! You will create a research-based magazine on the topic of your choice. At the end of the course, you will walk away with a product you can be proud of that showcases informational and argument writing. While this class is geared toward PI students, anyone with a passion for writing is welcome to register. This course is designed for a 3-week experience. If the student is not currently enrolled in PI, a short letter of recommendation from his/her current language arts teacher should be emailed to edecker@naperville203.org.

**Grades 5,6,7 Semester 1 - Session 2
Semester 2 - Session 1**

Monster Madness

This 3 week course is designed for PI students entering 6th, 7th, or 8th grades. We will compare and contrast the monsters in classic and modern literature, from Frankenstein and Dracula to Twilight and Shrek. While the class is geared for PI students, students in general education who demonstrate strengths in critical thinking, motivation, and passion are also invited. If the student is not currently enrolled in PI, a short letter of recommendation from his/her current language arts teacher should be emailed to edecker@naperville203.org.

**Grades 5,6,7 Semester 1 - Session 1
Semester 2 - Session 2**

Writing 2.0

The world of writing is changing! In this course, you will explore the world of digital writing. Have fun and write what you love as you improve your argument and informational writing skills in a multimedia format. While this class is geared toward PI students, anyone with a passion for writing is welcome to register. If the student is not currently enrolled in PI, a short letter of recommendation from his/her current language arts teacher should be emailed to edecker@naperville203.org.

**Grades 5,6,7 Semester 1 - Session 1
Semester 2 - Session 2**

MATH

5th Grade Mathematics

This course is designed **for students who have completed fifth grade**. This course will review fundamental skills of multiplication and division, operations with fractions and decimals and basic expressions/equations/inequalities as contained in the rigor of the fifth grade curriculum. This course is designed for students who may require review and reinforcement of the skills in fifth grade math before entering the sixth grade. *This course is designed for a 6-week experience. Students may register for either 3-week session on its own, but 6-weeks is recommended.*

**Grade 5 Semester 1 and Semester 2 - Session 1
Semester 1 and Semester 2 - Session 2**

6th Grade Mathematics

This course is designed **for students who have completed sixth grade**. This course will review basic computation, fractions, decimals, percent's, measurement and problem solving as contained in the rigor of the sixth grade curriculum. This course is designed for students who may require review and reinforcement of the skills in sixth grade math before entering the seventh grade. *This course is designed for a 6-week experience. Students may register for either 3-week session on its own, but 6-weeks is recommended.*

**Grade 6 Semester 1 and Semester 2 - Session 1
Semester 1 and Semester 2 - Session 2**

7th Grade Mathematics

This course is designed **for students who have completed seventh grade**. This course will review areas of geometry, number sense and basic computation as contained in the rigor of the seventh grade curriculum. This course is designed for students who may require review and reinforcement of the skills in seventh grade math before entering the eighth grade. This course is designed for a 6-week experience. *This course is designed for a 6-week experience. Students may register for either 3-week session on its own, but 6-weeks is recommended.*

**Grade 7 Semester 1 and Semester 2 - Session 1
Semester 1 and Semester 2 - Session 2**

Enriched Math

This course is designed for Honors Math students entering sixth, seventh or eighth grade. This course is not intended to fill in learning gaps or cover material that students will learn the following year in Honors Math. Rather, this course will engage students in challenging math related activities in order to help increase critical thinking skills and improve analytical abilities.

This course does not meet the requirements of junior high Honors Math. While this course is geared for Honor Math students, students not in Honors Math who show outstanding math, achievement, motivation and passion for math may also be considered. If the student is not currently enrolled in junior high Honors Math, a short letter of recommendation from his/her current math teacher should accompany the registration form or be emailed to edecker@naperville203.org. *This course is designed for a 6-week experience. Students may register for either 3-week session on its own, but 6-weeks is recommended.*

Grades 5,6,7 Semester 1 and Semester 2 - Session 1
Semester 1 and Semester 2 - Session 2

Honors Math Connections (Grades 6, 7, 8) (3 hour course)

This course is for students who are entering grades 6-8 and have recently qualified for Honors Math or are in the appeals process for Honors Math. The course will focus on the skills necessary for success in the Honors Math Classes at each grade level.

5th to 6th Grade Semester 2 - 8:10-11:25
6th to 7th Grade Semester 2 - 8:10-11:25
7th to 8th Grade Semester 2 - 8:10-11:25

EXPLORATORY

PLTW: Flight and Space (3 hour course)

The exciting world of aerospace comes alive through the Project Lead the Way (PLTW) Flight and Space summer course. Students entering grades 7 and 8 explore airplanes, rockets, aerodynamics, and flying, living and working in space. They will use their knowledge to design, build, and test a working aircraft wing. Custom-built simulation software allows students to experience space travel and driving and navigating on the moon. This class will accept a maximum of 24 students.

Grades 6,7 Semester 1 - 8:10-11:25

STEM Robotics (3 hour course)

This course offers students an opportunity to develop their STEM skills through the use of robotics. Students will build, create, and program robots to complete various missions. They will also develop their critical thinking and collaborative skills with new technological challenges. This course will accept a maximum of 24 participants.

Grades 5,6,7 Semester 1 - 8:10-11:25
Semester 2 - 8:10-11:25

Introduction to Code HS

Code HS is a program for students entering grades 6-8 which will introduce students to programming and computer science principles in order to spread knowledge of computer science to students through an online medium. In this self-directed and self-paced class, students will learn the fundamentals of computer science while creating their own animations, graphics and games for the web. [PDF for more information about Code HS and program specifics.](#)

Grades 5,6,7 Semester 1 - Session 1

Intermediate Code HS

This course is for students entering grades 6-8 who have completed Introduction to CodeHS. Students will extend their learning in the areas of programming and computer science principles. Instruction is self-directed and self-paced and students will learn more advanced computer science skills. [PDF for more information about Code HS and program specifics.](#)

Grades 5,6,7 Semester 1 - Session 2
Semester 2 - Session 1

Advanced Code HS

This course is for students entering grades 6-8 who have completed Intermediate CodeHS. Students will extend their learning in the areas of programming and computer science principles. Instruction is self-directed and self-paced and students will learn more advanced computer science skills. [PDF for more information about Code HS and program specifics.](#)

Grades 5,6,7 Semester 2 - Session 2

Digital Art

Digital art can be found everywhere – from video games to movies. This course will provide students with the opportunity to choose the media they think will best suit their personal interests and goals. Students will learn the fundamentals of drawing, collage, and composition through the use of a Sketchbook app. Participants will also be introduced to an electronic game format that will make learning fun and engaging within a diverse space for experimentation. This class will accept a maximum of 24 students.

Grades 5,6,7 Semester 1 - Session 1 or Session 2
Semester 2 - Session 1 or Session 2

Business Bootcamp (3 hour course)

Considering half of all college graduates have some sort of business degree, see if you have the aptitude and interest to become a future business leader. This three week summer course exposes incoming 7th & 8th grade students to competing in running a business like Lemonade Wars. Students will explore careers, work with a team, conduct marketing research, brand their company, calculate COGS, develop a business plan, advertise and promote the business, complete an income statement, sell stocks to generate capital, run the business, evaluate their business, and end the course by giving a presentation on their business outcome. This class will accept a maximum of 24 students.

Grades 6,7 Semester 1 - 8:10-11:25
Semester 2 - 8:10-11:25

Culinary Arts (3 hour course)

This course will focus on basic food preparation, kitchen navigation, sanitation, baking, presentation and customer service all centered in creative problem solving and hospitality. Students will learn in an environment much like the reality TV shows of Cupcake Wars or Chopped. This class will accept a maximum of 24 students.

Grades 6,7 Semester 1 - 8:10-11:25
Semester 2 - 8:10-11:25

Agriscience Exploration (3 hour course)

Students will explore the world of Animal, Plant, and Food Sciences. We will incorporate authentic opportunities for students through projects, guest speakers, mentors, and field trips. This class will accept a maximum of 24 students.

Grades 5,6,7 Semester 1 - 8:10-11:25
Semester 2 - 8:10-11:25

Automotive Concepts and Engineering Basics (3 hour course)

This course is an intersection of science, technology, and engineering as it applies to the design and building process in the automotive world. Students will learn about the design process, testing, and fabrication as it relates to engineering and creating automobiles. We will cover the basics on the operation of 4 stroke engines, get hands-on with projects, discuss the future of cars, and learn how cars are made. This class is ideal for students who have an interest in engineering, mechanics, and automotive topics. No background knowledge is required. This class will accept a maximum of 14 students.

Grades 6,7 Semester 1 - 8:10-11:25
Semester 2 - 8:10-11:25

NAPERVILLE COMMUNITY UNIT SCHOOL DISTRICT 203

JUNIOR HIGH SUMMER SCHOOL 2023

REGISTRATION FORM

Only Students Residing Within District 203 Boundaries Are Permitted To Register for District 203 Summer School

Student Full Legal Name: _____

Date of Birth: _____

Home School- JJHS, LJHS, KJHS, MJHS, WJHS

Student ID Number: _____

Parent/Guardian Name: _____

Grade completed in 2022: _____

Address: _____

City: _____ Zip Code: _____
