

Naperville Central High School Grading Beliefs

1. Grades communicate each student's progress toward mastery of goals/standards for the course. Grades should not be reduced or inflated due to student behaviors outside of the standards.

- No extra credit will be issued.
- A zero on a summative assessment will only indicate that no attempt was made by the student.
OR If a legitimate attempt is made on an assessment, a score of 50% will be the lowest possible grade.
 - Students will be eligible for the 50% floor through timely and consistent completion of practice work and formative assessments.
 - Violations of academic integrity policy will be consequence by administration in collaboration with the DC/teacher.
- Practice work is a fundamental part of the learning and preparation process and will not be accepted after the due date unless specifically requested by the teacher.
- Evidence of learning (Summative or formative assessments) submitted after the due date cannot be penalized more than a total of 10% and must be submitted within 5 school days after the original due date.
- Posted grades represent the grade that a student would receive if they transferred out of a class today.
