****Each year your student takes their headphone home for the summer and brings it back for the following school year.** Therefore, if you previously purchased headphones and they are still in working order, no action is required on your part. However, if your student's headphones are not working, you have never placed an order, or if you choose to purchase your own supplies, you may purchase headphones (Camcor Deluxe Headset) by following the link above and going to the last button on the right to purchase the headset only.
(All headphones must have volume control and microphone)

There is no cost to have your kits shipped to school during the sale dates. If you have your order shipped somewhere else, you will be charged a flat shipping rate of \$9.95. Kits purchased from 6/24 - 7/14, will only be eligible for home delivery.

If you have any questions, please contact mg203schoolsupsupplies@gmail.com.
