A central graphic for a 'CLUB EXPO' event. It features the text 'CLUB EXPO Sept. 8 & 9' in large, bold letters. Below the text, it says 'Explore club offerings at NCHS in the Honor Garden during lunch hours'. The graphic is surrounded by various icons representing different clubs: a blue atom symbol, a red and yellow theater mask, a blue book icon, a black silhouette of a dancer, a black treble clef, a blue person icon, a stack of gold coins with a dollar sign, a blue person sitting on coins, a blue car with a person, a person at a workbench, a film strip, and a blue person at a computer monitor. There are also mathematical equations like $a-5y+(x+y)$, $(x+15)/5 = -50$, and $3x=0$ scattered around the bottom.
