

A little information about auditioning:

Open this folder ([LINK](#)) to access audition materials.

- You will sign up for a specific day and plan to stay until 5:00 after school.
- Choose one monologue from the audition packet to perform (a copy is also in the linked folder above).
 - Although you will not be counted off for reading it, consider memorizing it. Memorization will help with character work.
 - If you have a character in mind, choose that monologue. If you have multiple characters in mind, choose your favorite monologue.
 - If you make a mistake, stay in character. We are looking for character work, not word perfection.
- Sing the provided song from the audition packet (a copy is also in the linked folder above).
 - There are 2 tracks in the folder.
 - (With Voice) is there for you to practice with.
 - (No Voice) will be what you use to audition – so practice with that more.
