Frequently Asked Questions

Why are we meeting at Bebe?

As a smaller school, Naper struggled to maintain its own Cub Scout pack in the past. In order to provide a better scouting experience for all our students, we decided a few years ago to join 567. As we say at Naper, we're better together!

Wait... girls can be in scouts??? I thought it was just for boys!

In 2018, scouts at all levels was made to be a fully inclusive organization. We now welcome girls at all levels and encourage them to join.

What about Girl Scouts?

Some girls do Cub Scouts, some do Girl Scouts, some even do both. Each program has its own way of doing things, but Cub Scouts has the advantage of larger group activities and stronger participation in higher ranks of scouts into the teen years.

Can my child join scouts if they haven't participated in the past?

The best time to join scouts is....Now! It doesn't matter if your child hasn't completed prior ranks or may not have done scouts in the past. It will be easy for them to hop right in and start at their current grade level.

What are the COVID protocols?

Since we are meeting at school, all scouts and parents who enter the building will be asked to please wear a mask. If you are not feeling well for any reason please do not join us for this event or pack meetings.

How much is required of me as a parent if my child participates in scouts?

In scouting we say, "Many hands make light work." We love our volunteers and they absolutely make the pack and dens run smoothly. Thankfully, we have many parents that help at 567, so being involved is not a huge burden on any one parent.

When/Where are meetings held?

Pack meetings will generally be held at Beebe once a month. Your child's den (a smaller group) will meet 1-2 times a month.

Where can we get more info about the pack?
