

# HOME & SCHOOL

Naperville Central High School

## DirectorySpot 2018-19

**Naperville Central Home & School** is excited to announce that we are once again implementing the app, **DirectorySpot**, for our school directory. Upon signing up, you will be able to access the school directory right from your smartphone or desktop; and due to the platform being dynamic, it will always be updated with the latest information!

- The app will contain parent names, phone numbers, home address, parent email addresses and student name, grade level and teachers.
- The app is very secure. Only parents and staff will be granted access. Each user will log on with their authorized email address and will set their own password. If you would like more information on security features, please visit: <https://www.directoryspot.net/security.php>.
- During the registration process, you completed a Permissions Form. This form required you to opt-in or opt-out of the School Directory. Our school directory will include only those families that have opted 'in' on that form.
- The app uses iPhone and Android technology so you can call, text, or email other parents or email your student's teachers with one click, right from the app.

Thank you to those of you that have already purchased the DirectorySpot app during registration; you will receive an email with directions to log in and access it in October.

We are offering **one additional chance** to purchase for those who have not yet done so. If interested, please send a check into Naperville Central's front office made out to NCHS for \$10 and put Attention: Cashier/Directory. Deadline is October 12. If you have any further questions, please contact [nchsdirectoryspot@gmail.com](mailto:nchsdirectoryspot@gmail.com)
