Clothing Exchange, Gift Wrap,
Market Day, Book Fair, Dinner Dance,
Magazine Sales

Philanthropy

Giving Tree, Jaycee Food Drive,
Book Drive, Sister School, Blood Drives

Primary Focus

Home & School focuses on student enrichment and support primarily *during* the school day; promotes closer communication between staff and families; and coordinates fundraising and philanthropic initiatives.

History

Originally affiliated with the Parent Teacher Association, the Naperville District 203 General Home & School Association was formed during the Great Depression by parents who wished to keep resources within our community, rather than send dues to a national organization.

An executive board was established to coordinate district-wide initiatives and oversee the establishment and support of divisions at each school.

Purpose

The Naperville District 203 General Home & School Association was established to promote close cooperation, understanding and communication between the school and the home and to provide an avenue by which the volunteer efforts of students and parents/guardians might enhance the school environment and instructional programs.

Home & School supports various programs and services through fundraising activities. Home & School is organized exclusively for the charitable and educational purposes within the meaning of section 501 (c) (3) of the Internal Revenue Code. All gifts to Home & School are tax deductible as allowed by law. Home & School also facilitates district-wide activities.

Home & School Needs Your Support

Home & School has provided millions in direct dollar donations and in-kind support over the past 70+ years, supporting a myriad of programs, services and special purchases that tax dollars could not otherwise underwrite.

Home & School works collaboratively with the School Family Community Partnership teams at each of our 21 schools. Each group has a different mission and focuses their activities on objectives that compliment each other in order to provide a wide variety of programs and services for our school communities. Together, we work with the school principal and staff to support the School Improvement Plan and the mission of Naperville Community Unit School District 203.

We hope you will consider joining us in support of the students and schools in our community. For more information about ways you can participate in the Naperville District 203 General Home & School Association, contact your school principal or the Office of Community Relations at the District 203 Administrative Center at 630-420-6815.
