

District 203 Delayed Start Schedule on Severe Weather Days

Naperville School District 203 will run a delayed start schedule for all schools on severe weather days when possible. The delayed start schedule provides the flexibility to begin school two hours later than normal, allowing time for roads to be cleared and temperatures to rise. This alternative eliminates a situation where severe weather in the early morning leads to a decision to close schools for an entire day when it is not warranted.

On delayed start schedule days, District buses will arrive at the scheduled pick-up points **two hours later** than their regularly-scheduled time. Students who walk or drive to school should arrive at (not prior to) the times listed below. In the event a delayed start schedule is used, class periods will be shortened to accommodate a shorter day, but dismissal times will not change. Aramark, our food service provider, will continue to serve meals as usual.

The delayed start schedules are as follows:

	Normal Drop Off	Normal School Start	2-hour Later Drop Off	School Starts
