

Dear Parents/Guardians,

We are writing to inform you that your son/daughter has been placed on athletic probation for the remainder of the season. Probation has occurred due to your child having a failing grade in the class(es) attached. Probation notifies the student-athlete that he/she will be ineligible to compete in athletic contests if the grade has not improved to a D or better by the next grade check. **If the current grade or ANY failing grade appears on the next grade check, your child will be able to practice, although your child will not be able to participate in athletic contests.**

It is important to us that your child is maintaining passing grades in all of their classes during the athletic season. Attached is a list of the classes in which your child has received a failing grade. Many times it is best to speak directly to the teacher to fully understand your child's performance. If you would like to discuss this further, please feel free to email the teacher/coaches directly or call the school office at (630) 420-6390. Your email/call will be returned as soon as possible.

Please sign the bottom portion of this paper and return it to your child's coach on Monday.

Thank you for your assistance and support,

Gina Pellegrino & Jeff Burke

Athletic Directors

I have read the notice and discussed it with my child.

Sport: _____

Grade: 7th 8th
