Imagine That! Sampler

June 3-7

\$45/day; \$210/week; for grades 1-6

Campers can recreate scientific superhero powers, visit a blacksmith, build a box city and more! Pick and choose one or more day camps to create your perfect camp experience.

JUNE 3 – SUPER HERO SCIENCE

Explore the history of comic book super heroes and the science behind the coolest super powers. Create a storm in a bottle, weave a spider web and make your own superhero cape!

JUNE 4 – FANTASY FUN

Investigate the legends and history behind fascinating creatures like unicorns, mermaids, Bigfoot, and the Loch Ness monster. Then use your imagination and design your own fantastic beast!

JUNE 5 – PRAIRIE PIONEERS

Experience what life was like on the Illinois prairie in the 1800s! Visit a blacksmith and one-room schoolhouse, help with chores, churn butter, weigh eggs, and play games from long ago.

JUNE 6 – SNACK SCIENCE

Complete experiments and create edible reactions using a combination of scientific principles and tasty snacks. NOTE: Foods may contain peanut or milk products.

JUNE 7 – BUILDING BONANZA

Discover unique and famous buildings from around the world and create your own incredible structures using LEGO bricks and boxes.

Team Extreme Sampler

June 10-14

\$45/day; \$210/week; for grades 1-6

Mix and match one or more day camps to create a thrilling camp adventure! Each day of this camp is a different theme, with over-the-top fun and activities. Campers can unlock their creativity, conduct explosive experiments, and use artifacts to unlock scavenger hunt clues.

JUNE 10 – EXCAVATION EXPLORATION

Hunt for underground clues in an archaeological investigation with a scavenger hunt-style twist. Includes a walk to the Naper Homestead.

JUNE 11 – ENTERPRISING ENGINEERING

Teams of campers will use their creativity and problem-solving skills to create a homemade marble run.

JUNE 12 – WILD WEATHER

Become a meteorologist and investigate the science behind extreme weather, including tornadoes, earthquakes, and blizzards. Conduct experiments and deliver your own wild weather report.

JUNE 13 – H2OLYMPICS

Prepare to get wet as teams of campers participate in the ultimate water balloon challenge! Use catapults, slingshots, and much more to soak the competition. Walk to the Riverwalk for a paddleboat outing.

JUNE 14 – EXTREME EXPLOSIONS

Conduct scientific experiments to create colorful popping, fizzing, and bubbling explosions.

All camp programming runs 9 AM to 3 PM • Drop off begins at 8 AM

THROWBACK CAMP

June 17 - 21

\$210/week/camper; Grades 1-6

Step back to the 20th century and explore a decade each day from the 1950s to 2000! Tie-dye a t-shirt, make a slap bracelet, play records and watch clips from popular TV shows. Test out a rotary phone and electric typewriter and learn about 20th century inventions.

EXTREME ANIMALS

June 17 - 21

\$210/week/camper; Grades 1-6

Discover the biggest, fastest, smartest and most amazing animals! Learn about poisonous animals, extreme-looking creatures, animals with attitudes, and animal Olympians. Test your senses, design a habitat, play animal games then relax with a worm snack! Meet reptiles, raptors, and a veterinarian, create animal art and learn how you can help with animal conservation.

NATURE NURTURER

June 24 - 28

\$210/week/camper; Grades 1-6

Explore habitats and ecosystems on Naper Settlement's grounds and gardens, then get your hands dirty by making your own terrarium. Conduct scientific tests, discover ways to be environment-friendly. Meet a bee-keeper with bees and understand how butterflies are important pollinators.

CIVIL WAR CAMP

July 1 - 2

\$170/camper; Grades 5-8

2
DAYS

Recruits wanted! Put yourself in the shoes of a Civil War soldier as you practice military drills, cook over an open fire, and learn spy tactics. Visit the top of Moser Tower and make a map of the surrounding area. Witness the boom of a real musket firing and take part in a special closing ceremony. Take the fun home with your own Civil War kepi hat, small haversack, and photograph of yourself in uniform.

CURIOUS COOK

July 1 - 2

\$110/camper; Grades 3-6

Science and creativity come together as junior chefs conduct delicious edible experiments and surprisingly tasty chemical reactions. Harness the power of the sun to make s'mores, turn milk into plastic, and pop your corn right on the cob. NOTE: Foods may contain peanut or milk products.

2
DAYS

ART ADVENTURE

July 8 - 12

\$210/week/camper; Grades 1-6

This colorful camp is the perfect mix of fun and creativity! Get messy with paint and clay, let nature inspire you, discover a new favorite artist, and make your own comic book. Try out unexpected ways to create a masterpiece and let your imagination run wild.

AWESOME ARCHITECTURE

July 8 - 12

\$210/week/camper; Grades 4-6

Did you know architecture comes in all shapes and sizes? Travel through time and discover palaces, treehouses, skyscrapers, and other amazing structures! Use LEGOS and models to recreate famous buildings, explore unique structures in downtown Naperville, and discover how buildings were moved to Naper Settlement. Working as a team, campers will spend the week designing their own city of boxes, inspired by amazing architecture from around the world.

MOON MADNESS

July 15 - 19

\$210/week/camper; Grades 1-6

Celebrate the 50th anniversary of the Moon Walk this week with all things SPACE! Learn about the Space Race and the Apollo journeys, hear stories about famous scientists and astronauts. Build a moon rover, conduct experiments and launch a rocket. Watch clips from popular science fiction TV shows, and discover the latest space exploration efforts.

SURVIVE THIS!

July 15 - 19

\$210/week/camper; Grades 1-6

Be prepared for anything! Campers test their brains and brawn in various survival situations, using teamwork and ingenuity. Learn how to survive an encounter with a zombie, create a basic first aid kit, and puzzle through disaster scenarios.

SAMPLER SCRAMBLER

July 22 - 26

\$210/week/camper; Grades 1-6

Our most popular Sampler Camp days are back with this non-stop fun Sampler Scrambler! Campers will conduct experiments, create tasty treats, and learn to work as a team.
