## Naperville Police ‘Lock It or Lose It’ Campaign Aims to Prevent Motor Vehicle Burglary

Did you know that burglary to motor vehicle is one of the most common crimes in Naperville, but it is also one of the easiest crimes to prevent?

This felony offense occurs throughout all of Naperville and surrounding areas, and statistics show that over the past two years, nearly 90% of the motor vehicles burglarized in Naperville were unlocked.

With that information in mind, the Naperville Police Department is asking those who live, work and visit Naperville to “Lock It or Lose It.” By increasing awareness of this simple, proactive step anyone can take, we hope to save motorists the hassle and pain of being victimized in this manner and significantly reduce the number of burglaries in Naperville this year.

“There is no cure-all for criminal activity, and even a town with as outstanding of a reputation as Naperville has some crime. We have to work together to prevent it,” said Naperville Police Chief Robert Marshall. “With this campaign, we hope to remind residents and visitors that the simple act of locking your car will undoubtedly decrease the odds of you becoming a victim of motor vehicle burglary.”

Please remember to lock your car before you lose any of your possessions.
