

NaperSAFE

Sharing information. Enhancing safety.

When seconds count,
information matters.

The City of Naperville has

3

FREE systems

in place to
enhance communication
to and from residents.

M.E.D.I.C.

Naper Notify

Smart911

More than one may be *right* for you!

M.E.D.I.C.

sign up if you ...

... want to provide first responders with critical health info based on your home address

... have a medical need for uninterrupted power in your home

... or someone in your home has a condition that may impair communication or mobility in an emergency

Naper Notify

sign up if you ...

... want to be "in the know" when the City shares emergency info

... want to receive City info by phone, text, email or app

... would like non-emergency info from the City, like traffic alerts and leaf/brush collection dates

Smart911

sign up if you ...

... want to create a profile available to first responders when 9-1-1 is dialed from a registered number

... want your profile to include property info, like pets, access instructions or hazardous material location

... want your profile to include family member info, photos, primary language, medical conditions or disabilities
