

# Toileting Workshop

For Parents/Guardians of Elementary Age Children & Beyond

Are you struggling with toilet training your child, even at ages 5, 6, 7, and older? Could you use some new strategies to help your child accomplish this life-changing skill? This workshop will provide parents and professionals strategies for developing an individualized program for home and school using the very successful Little Friends Toilet Training Program. Participants will learn specifics of how to implement a toileting program along with how to overcome some of the most difficult challenges. Specific topics to be addressed include emotional, communicative and behavioral issues, rewards, toileting readiness, and much more. This program and training is appropriate for children of all abilities.
