

October is

DYSLEXIA AWARENESS Month

What is Dyslexia?

- Learning difficulty characterized by trouble decoding (sounding out) words.
- Difficult word recognition and spelling.
- Significant difficulty with fluency, comprehension, rapid naming, vocabulary, and written language.
- High risk for falling behind peers in academics.
- The most common reason smart kids struggle to read.

Dyslexia Overview & Simulation Program

Presented by Dyslexia Action Group of Naperville and Everyone Reading Illinois, the simulation helps attendees understand the everyday frustrations of living with dyslexia. The simulation will be followed by a round table discussion on identifying dyslexia, how to teach students who have dyslexia, and support available to those with dyslexia. **Teachers attending this simulation can receive professional development hours.**

When: October 16, 7:00-8:30 PM
Where: 95th Street Library Meeting Room A/B
RSVP: info@dagnaperville.com

Dyslexia Action Group of Naperville hosts programs for parents and educators of students with dyslexia. To find out about upcoming events:
