

Naperville Central Honor Garden

“A Unique Opportunity to Partner with Naperville Central Students”

The NCHS Courtyard is an aesthetically pleasing, multi-functional outdoor space, which will include a memorial element, such as a sculpture, to honor students, friends, and staff who have passed away. The idea is to create a “living” memorial, in which education, celebration, remembrance and inspiration can exist together.

MAJOR ELEMENTS:

1. Mini-amphitheater for outdoor classroom use, entertainment, special ceremony use.
2. Memorial element – feather sculpture.
3. Alumni plaza – Brick plaza for surrounding memorial sculpture.
4. Sensory garden – designed to enhance experience of multi-needs students; enjoyed by all.
5. Seating for students throughout.
6. Walkway to enlarge the area currently being used by students.
7. Variety of foliage to create more intimate feeling.

The design incorporates current memorials in the courtyard into the overall design, continuing to honor the memories and lives of former students.

The majority of the expense of this project is being done through donations of material, labor, and through fundraising such as commemorative brick sales, car washes, and other creative fundraisers.

Naming and Donor Opportunities:

- | | | | |
|----------------------|-------------------|-----------------------------|------------------------|
| 1. Red & White Donor | \$10,000+ | 2. Memorial Sculpture Piece | \$20,000 |
