D203 Profile of A Learner

We are proud to present the Profile of a Learner, which outlines the key competencies and descriptors our community has identified as essential for our students: Adaptability, Communication, Critical Thinking, Learner's Mindset, Global Citizen.

Department Mission

Our mission is to equip students with knowledge and skills so they can be active global citizens, curious thinkers and empathetic and compassionate human beings through our dynamic teaching and collaboration

Course Description

This Advanced Placement course in Psychology provides students with the opportunity to pursue the equivalent of a college course. Students will study the following psychological concepts: psychoanalytic theory, behaviorism, abnormal psychology, critical and scientific experimental research methods, physiological psychology, states of consciousness, developmental psychology, social psychology, and treatments for psychological dysfunctions. The course will allow students to pursue special interests in psychology through projects, activities, classroom presentations, and exposure to the psychological community. In addition to receiving a weighted grade, students are expected to take the College Board AP Psychology exam in May. – Teacher Recommendation Required

Grade Calculation Definitions

Students will be provided with multiple and varied opportunities to demonstrate mastery of learning standards. Although varied in content, all courses will include examples of practice and evidence of learning:

- **Evidence of Learning:** Tasks or assessments where feedback is provided to the student and considered evidence of a student's level of proficiency on a given standard or skill. This may include, but is not limited to formative tasks that provide insights on areas for growth as well as summative tests, projects and/or performances.
- **Practice:** Tasks that are connected to course standards and learning targets that promote the development of skills and/or knowledge that will be assessed, but where feedback is not provided. This may include, but is not limited to daily readings, note taking, practice exercises and tasks essential to the learning process.

Grading Disbursement

Semester grades for all classes (prior to the final exam) will be calculated by a weighted average. As part of the calculation for the overall semester grade, final exams/projects will not exceed 15% of the semester grade.

A = 100-90%, B = 89-80%, C = 79-70%, D = 69-60%, F = 59-0%

Semester Grade:

- Coursework = 85% (Evidence of Learning = 90%, Practice= 10%)
- Final Exam = 15% *Final Exam Format: Objective Test and Performance Based Project*

Grading Practices

Grades communicate each student's progress toward mastery of goals/standards for the course.

- Infinite Campus Symbols/Comments:
 - A score of "Missing" (M) will indicate an assessment has not been turned in and the comments section will include a specific date by which students can still submit. After that date, a zero (0) will be recorded.
 - Any score may also have a comment indicating the due date, turned in, late, reassessment eligibility including the timeline and/or reassessment final scores.
 - A zero indicates that no attempt was made by the student. If a legitimate attempt is made on an assessment and practice work has been completed in a consistent and timely manner (*completing 85% of practice listed in Infinite Campus.*), a score of 50% will be the lowest possible grade.
- Late Work:
 - Evidence of Learning work submitted after the original due date cannot be penalized more than a total of 10% and can be submitted for credit up to 5 days after the original due date.
 - Practice Work is not accepted for credit after the due date.
- NOTE: No extra credit will be issued.

D203 AI
Belief
Statement

At Naperville North High School, we strive to build a learner’s mindset in all students, developing qualities such as adaptability, communication, critical thinking, and global citizenship. Generative Artificial Intelligence (AI), offers new opportunities to engage with important technology relevant to the future that also raises significant educational considerations. AI tools provide unique ways to engage students in the learning process, hence we encourage our staff to guide students in using AI responsibly. Teachers have the authority to establish guidelines for AI use in their classrooms, setting clear expectations for how AI can be used on learning tasks. Concurrently, we recognize that reliance on AI risks replacing genuine student engagement and original thought, undermining the attributes we aim to cultivate. Striking a balance between leveraging AI tools effectively and maintaining educational standards is crucial to the learning experience of each student.

Academic
Integrity
Code

District 203 students are challenged to address the academic process enthusiastically, diligently, and most importantly, honestly. It is the responsibility of our students, teachers, and administration to uphold the fundamental academic values of honesty, responsibility, fairness, respect and trust. The integrity of our district’s academic programs is built upon these principles.

Academic integrity violations include cheating, plagiarism, self-plagiarism or copy infringement, obtaining or providing an unfair advantage, using a writing service and/or AI in place of original work unless specifically authorized by staff, falsification of documents, unauthorized access to records, and inappropriate collaboration, whether intentional or unintentional. The classroom teacher and administration will collaborate and exercise professional judgment in determining academic integrity violations.

Technology
Expectations

- **Cell phones:** Students will be expected to store their cell phones in a phone holder or designated classroom location throughout each class period as communicated by each teacher. Cell phones should not be seen or heard in the classroom setting. Appropriate use of cell phones is allowed during passing periods, during study halls, at lunch, before and after school. Please note that cell phone use is strictly prohibited in locker rooms and restrooms at all times.
- **Ear buds and headphones:** The use of ear buds and headphones is strictly prohibited in the classroom unless permission has been granted by the teacher. Ear buds and headphones should not be seen or heard in the classroom setting. For safety reasons, students should also be able to hear announcements, alerts, etc. at all times and, therefore, students are permitted to use one ear bud or headphone during passing periods, at lunch, before and after school.

- **District issued Chromebooks:** Students are required to use their District issued Chromebook and will not be permitted to use personal laptops or devices in the classroom setting. Student personal devices are not protected by district systems and put student safety and the safety of our network at risk. Additionally, student personal devices are not enabled with applications and programs necessary for administration of state and AP assessments.

Reassessment
Policy

The purpose of reassessment is to allow students to demonstrate mastery of course standards in which they remain deficient. Higher reassessment grades will replace the original assessment score, but will not exceed 85%.

- Practice work is not eligible for reassessment.
- Evidence of Learning work may be eligible for reassessment. Refer to the chart below for eligibility:

<input type="checkbox"/> The assessment included multiple opportunities for feedback and improvement in the process for the final product OR formative assessments are aligned to standards, allow students to practice in the same assessment format, and gain feedback for improvement before the summative assessment.	<input type="checkbox"/> There was timely and consistent completion of practice work and formative assessments. <input type="checkbox"/> A one-time performance on an assessment does not reflect the student's level of proficiency leading up to the assessment. <input type="checkbox"/> Summative assessment score is below 85%.
Not eligible for reassessment	Eligible for reassessment if all three statements above are true.

Reassessment Parameters:

- The reassessment opportunity will require designated learning experiences that demonstrate readiness as assigned by the teacher.
- Reassessments MUST be completed within 5 school days of the student receiving feedback unless otherwise determined by the instructor. The reassessment deadline should be communicated in an IC comment.
- The final reassessment score will be capped at 85%.

Student Expectations

- You are encouraged to communicate with their teacher regarding questions.
- Teachers make every effort to respond to emails and phone calls within 24 hours during the workweek.
- The best way to communicate with teachers is through email; however, if you haven't received a response within 48 hours, please resend the email or call their voicemail. Your email may have been filtered.
- Be ready to learn. Come to class with a charged Chromebook, completed reading assignments and CHECK CANVAS and our DAILY AGENDA EVERY DAY.
- This is a college level course so there will be daily reading, weekly quizzes, written responses and discussions.

Additional Resources for Support

- You can make an appointment with your teacher should you need additional instruction or support in learning material through my WIN Selection.
- You can attend peer tutoring in the Lit Center during lunch periods to receive extra support or to work on assignments.
- You can drop in to work with a peer tutor during lunch periods or before school in the Literacy Center.

Parents or Guardians Partnership

Naperville North believes in a collective partnership with parents/guardians which provides students the best opportunities for success.

Some ways parents/guardians can support their student's learning are:

- Actively check Infinite Campus for their student's grades.
 - Infinite Campus is a tool to progress monitor student work until the final course grade is posted.
 - Monthly progress grades are posted and represent the current grade of a student in the course at that moment in time.
- Discuss missing assignments, reiterate due dates, help organize folders, materials, assignment notebooks, and review upcoming projects and assessments.

Field Trips

Course Field trips are designed to enrich the learning experience of the students to make more solid connections to the content of the course. **The field trips, while such great learning experiences, are a privilege.** Students must be passing all of their classes and in compliance with our attendance policy in order to qualify for the field trip experience

Film Resources and Parent/Guardian Sign-Off

This is to notify you that throughout the semester, the AP Psychology classes will be watching films related to the topic of psychology. Some of these films may contain adult content such as language, violence, or graphic scenes. These films are an integral part of the curriculum and offer a unique point of view which cannot be otherwise presented. It is the Psychology Team’s responsibility to determine the maturity level necessary to comprehend and appreciate these films, and we feel that these films are appropriate to be viewed by your child. However, if you prefer for your child not to view these films for whatever reason, he/she will be sent to a study area to complete an appropriate alternate assignment. There will be no academic or disciplinary penalty for any student who may choose this alternate assignment.

Feel free to contact Ms. Berg at jmberg@naperville203.org if you have any questions regarding these films. Films included in the curriculum may include:

The Breakfast Club Inception Good Will Hunting Split What About Bob? Stanford Prison Experiment Girl, Interrupted 28 Days Ed TV	Inside Out Shutter Island A Beautiful Mind Identity Infinitely Polar Bear Silver Linings Playbook Pursuit of Happyness It's Kind of a Funny Story	Little Miss Sunshine Good Will Hunting The Dark Knight As Good As It Gets Mean Girls Three Identical Strangers Proof The Aviator Captain Fantastic
---	--	--

If you do NOT wish for your student to view any of the above films, please complete the [following google form](#). If you do give your student permission, there is no action needed.
