District Mission	To educate students to be self-directed learners, collaborative workers, complex thinkers, quality producers, and community contributors.		
Department Mission	To enable students to communicate effectively in the target language, to understand the cultures that support the language, to see connections between language study and other disciplines, and to appreciate what it means to be college-, career-, and world-ready.		
Course Description	Cooperative learning groups and learner-centered strategies continue to enable active participation of all students. In German 4, students deepen their knowledge of German grammar, and develop and expand their writing skills with essays and stories. Speaking skills are developed through discussions, debates and presentations. The curriculum of the course is centered on the following themes: Global Challenges, Science and Technology, Contemporary Life, Personal and Public Identities, Families and Communities, and Beauty and Aesthetics. These are geared towards preparing students for the AP exam. German is used predominantly in the classroom, along with authentic materials that are not designed for German language learners. Students are expected to communicate with the teacher and their classmates almost exclusively in German.		
Course Textbook & Resources	Prüfungstraining DaF for AP German Language and Culture		
Course Standards & Weights	 Interpersonal Communicative Mode: Listening, Speaking, Reading, W Interact in German in a variety of personal, social, and cultural c Respond in German in a variety of personal, social, and cultural c Examples include: conversations, Socratic seminars, interviews Interpretive Communicative Mode: Listening, Reading, Viewing 	ontexts. contexts.	edia
	 Interpret and/or comprehend spoken German in a variety of cont Interpret and/or comprehend written German in a variety of cont Examples include: reading texts and passages (fiction and nonfinative advertisements, signs, and social media from the German-speaking) 	exts. ction), reading infographi	cs and graphs,
	 3. Presentational Communicative Mode: Speaking, Writing, Showing Using German: ▶ Present information, concepts and ideas for a variety of purpose ▶ Examples include: writing passages, persuasive essays, and rese someone else something 	es to different audiences.	
AAPPL Proficiency Exam	As part of this course, students will take a language proficiency exa Performance toward Proficiency in Languages). This exam will be giv provide valuable information on students' overall progress in German Form B exam.	ven during the second se	mester and will
Grade Calculation Definitions	 dents will be provided with multiple and varied opportunities to demonstrate mastery of learning standards. nough varied in content, all courses will include examples of practice and evidence of learning: Evidence of Learning: Tasks or assessments where feedback is provided to the student and considered evidence of a student's level of proficiency on a given standard or skill. This may include, but is not limited to formative tasks that provide insights on areas for growth as well as summative tests, projects and/or performances. In this course, specific examples include: vocabulary quizzes; graded homework; reading,

	 listening, writing, and speaking assessments. Practice: Tasks that are connected to course standards and learning targets that promote the development of skills and/or knowledge that will be assessed, but where feedback is not provided. This may include, but is not limited to daily readings, note taking, practice exercises and tasks essential to the learning process. In this course, specific examples include: in-class participation, random checks of homework and task completion 		
Grading Disbursement	Semester grades for all classes (prior to the final exam) will be calculated by a weighted average. As part of the calculation for the overall semester grade, final exams/projects will not exceed 15% of the semester grade.		
	A = 100-90%, B = 89-80%, C = 79-70%, D = 69-60%, F = 59-0%		
	 Semester Grade: Coursework = 90% (Evidence of Learning = 90%, Practice= 10%) Final Exam = 10% Final Exam Format: performance and interpretive tasks 		
Grading Practices	 Grades communicate each student's progress toward mastery of goals/standards for the course. Infinite Campus Symbols/Comments: A score of "Missing" (M) will indicate an assessment has not been turned in and the comments section will include a specific date by which students can still submit. After that date, a zero (0) will be recorded. Any score may also have a comment indicating the due date, turned in, late, reassessment eligibility including the timeline and/or reassessment final scores. A zero indicates that no attempt was made by the student. If a legitimate attempt is made on an assessment and practice work has been completed in a consistent and timely manner (<i>completing 85% of practice listed in Infinite Campus.</i>), a score of 50% will be the lowest possible grade. Late Work: Evidence of Learning work submitted after the original due date cannot be penalized more than a total of 10% and can be submitted for credit up to 5 days after the original due date. Practice Work is not accepted for credit after the due date. Other: No extra credit will be issued. 		
D203 Al Belief Statement	At Naperville North High School, we strive to build a learner's mindset in all students, developing qualities such as adaptability, communication, critical thinking, and global citizenship. Generative Artificial Intelligence (AI), offers new opportunities to engage with important technology relevant to the future that also raises significant educational considerations. Al tools provide unique ways to engage students in the learning process, hence we encourage our staff to guide students in using Al responsibly. Teachers have the authority to establish guidelines for Al use in their classrooms, setting clear expectations for how Al can be used on learning tasks. Concurrently, we recognize that reliance on Al risks replacing genuine student engagement and original thought, undermining the attributes we aim to cultivate. Striking a balance between leveraging Al tools effectively and maintaining educational standards is crucial to the learning experience of each student.		
Academic Integrity Code	District 203 students are challenged to address the academic process enthusiastically, diligently, and most importantly, honestly. It is the responsibility of our students, teachers, and administration to uphold the		

Reassessment Parameters:

- The reassessment opportunity will require designated learning experiences that demonstrate readiness as assigned by the teacher.
- Reassessments MUST be completed within 5 school days of the student receiving feedback unless otherwise determined by the instructor. The reassessment deadline should be communicated in an IC comment.
- The final reassessment score will be capped at 85%.

Student Communication

Reassessment

Policy

- You are encouraged to speak directly with your teacher regarding questions.
- Teachers make every effort to respond to emails within 24 hours during the workweek.

Additional Resources for Support	 You can make an appointment with your teacher should you need additional instruction or support in learning material. You can attend peer tutoring in the Lit Center during lunch periods to receive extra support or to work on assignments. You can drop in to work with a peer tutor during lunch periods or before school in the Literacy Center. 	
Parents or Guardians Partnership	 Naperville North believes in a collective partnership with parents/guardians which provides students the best opportunities for success. Some ways parents/guardians can support their student's learning are: Actively check Infinite Campus for their student's grades. Infinite Campus is a tool to progress monitor student work until the final course grade is posted. Monthly progress grades are posted and represent the current grade of a student in the course at that moment in time. Discuss missing assignments, reiterate due dates, help organize folders, materials, assignment notebooks, and review upcoming projects and assessments. Teachers make every effort to respond to parent emails and phone calls within 24 hours during the work week. The best way to communicate with teachers is through email; however, if you haven't received a response within 48 hours, please resend the email or call their voicemail. Your email may have been filtered.
