

Naperville North High School

Course: Honors English 3

The Profile of a Learner	We are proud to present the Profile of a Learner, which outlines the key competencies and descriptors our community has identified as essential for our students: Adaptability, Communication, Critical Thinking, Learner's Mindset, and Becoming a Global Citizen.
Course Description	This full-year Honors course is designed to expose 11th-grade students to composition and literature with emphasis on understanding a variety of challenging texts, including fiction and non-fiction, with exceptional depth and rigor. There is an expected value placed on interaction, Socratic seminar, analytical discussion, and breaking down texts of various styles. Students will be assessed according to mastery of the Common Core State Standards in Reading, Writing, Speaking, and Listening.
Student & Teacher Communication	• Students should communicate with their teachers regarding questions and concerns. • The most efficient way to communicate with teachers outside of class is through email; however, if you haven't received a response within 48 hours, please resend the email. • Teachers make every effort to respond to emails and phone calls within 24 hours during the workweek.
Course Priority Standards	• RL/RI.1 Cite strong and thorough textual evidence to support analysis of what the text says explicitly as well as inferences drawn from the text. • RL/RI.3 Analyze the impact of the author's choices regarding how to develop and relate elements of a story or drama. • W.1 Write arguments to support claims in an analysis of substantive topics or texts, using valid reasoning and relevant and sufficient evidence. • W.7 Conduct short as well as more sustained research projects to answer a question (including a self-generated question) or solve a problem; narrow or broaden the inquiry when appropriate; synthesize multiple sources on the subject, demonstrating understanding of the subject under investigation. • W.9 Draw evidence from literary or informational texts to support analysis, reflection, and research.
Grading Definitions	Practice is used to monitor students' learning to provide ongoing feedback that can be used by students to improve their learning. Examples may include the following: practice activities, homework, reading checks, discussion boards, etc. Evidence of Learning is used to evaluate student learning at the end of an instructional unit or segment of learning by comparing it against a standard or benchmark.

Grading Practices

- No extra credit will be issued.
- In Infinite Campus, a score of “Missing” (M) will indicate an assessment has not been turned in and the comments section will include a specific date by which students can still submit. After that date, a zero (0) will be recorded.
- Academic behaviors can be included in the grade calculation when they are critical to student success in the course and those behaviors are taught and practiced in the classroom.
- Work submitted after the original due date cannot be penalized more than a total of 10% a day and must be submitted no later than one week (5 school days) after the original due date.
- If a legitimate attempt is made on an assessment, a score of 50% will be the lowest possible grade.
- If a legitimate attempt is made on an assessment and the practice work has been completed, a score of 50% will be the lowest possible grade.
- Violations of the academic integrity policy will be consequence by the administration in collaboration with the department chair/teacher.
- All assessments must be shared in Google format with editing permissions AND submitted to Canvas (unless otherwise directed) or they will not be accepted.

Grading Standards & Weight

Practice : (0%) / Evidence of Learning (100%)

Reading: 40%	Writing: 50%	Speaking/Listening: 10%
Reading assessments/quizzes Process papers/essays (done over an extended period of time)	Timed Writings Process Papers/Essays (done over an extended period of time)	Academic Conversations Formal Presentations Discussion Boards

Semester Grade = Coursework (90%) / Final Exam (10%)
A=100-90%, B=89-80%, C= 79-70%, D=69-60%, F=59-0%

Reassessment Policies

The purpose of reassessment is to allow students to demonstrate proficiency of course standards in which they remain deficient. Instructors can initiate the reassessment process when a student scores below 85% and one of the following scenarios applies:

- Practice work is not eligible for reassessment.
- Evidence of Learning work may be eligible for reassessment. Refer to the chart below for eligibility:

• The assessment included multiple opportunities for feedback and improvement in the process for the final product OR formative assessments are aligned to standards, allow students to practice in the same assessment format, and gain feedback for improvement before the summative assessment.	• There was timely and consistent completion of practice work and formative assessments. • A one-time performance on an assessment does not reflect the student's level of proficiency leading up to the assessment. • Summative assessment score is below 85%.
Not eligible for reassessment	Eligible for reassessment if all three statements above are true.

	Reassessment Parameters: • The reassessment opportunity will require designated learning experiences that demonstrate readiness as assigned by the teacher. • Reassessments MUST be completed within 5 school days of the student receiving feedback unless otherwise determined by the instructor. The reassessment deadline should be communicated in an IC comment. • The final reassessment score will be capped at 85%.
Support and Resources	• Make an appointment with teachers if additional instruction or support is needed. • Attend peer tutoring in the Lit Center during lunch periods to receive extra support or to work on assignments. • Drop in to work with a peer tutor during lunch periods or before school in the Literacy Center.
Parents and Guardians Partnership	Naperville North believes in a collective partnership with parents/guardians which provides students the best opportunities for success. Some ways parents/guardians can support their student's learning are the following: • Actively check Infinite Campus for grade updates. ◦ Infinite Campus is a tool to progress monitor student work until final course grades are posted. ◦ Monthly progress grades are posted and represent the current grade of a student in the course at that moment in time. • Discuss missing assignments, reiterate due dates, help organize folders, materials, assignment notebooks, and review upcoming projects and assessments.
D203 AI Belief Statement	At Naperville North High School, we strive to build a learner's mindset in all students, developing qualities such as adaptability, communication, critical thinking, and global citizenship. Generative Artificial Intelligence (AI), offers new opportunities to engage with important technology relevant to the future that also raises significant educational considerations. AI tools provide unique ways to engage students in the learning process, hence we encourage our staff to guide students in using AI responsibly. Teachers have the authority to establish guidelines for AI use in their classrooms, setting clear expectations for how AI can be used on learning tasks. Concurrently, we recognize that reliance on AI risks replacing genuine student engagement and original thought, undermining the attributes we aim to cultivate. Striking a balance between leveraging AI tools effectively and maintaining educational standards is crucial to the learning experience of each student.
Plagiarism	What is it? The taking of another person's ideas and passing them off as your own When am I guilty of plagiarism? Whenever using someone else's ideas (while speaking, writing, direct quoting, or paraphrasing) and not crediting that person for their ideas/words, whether it was done INTENTIONALLY OR THROUGH CARELESSNESS. Self-plagiarism: Submitting identical or substantial portions of similar work for credit more than once, without prior explicit consent from the instructor What happens when I am caught plagiarizing? LEVEL ONE: Plagiarizing practice work (daily homework, etc.) CONSEQUENCES: Referral, parent contact, detention, letter placed in discipline file

LEVEL TWO: Plagiarizing summative work (essays, exams, etc.)—a level two violation consequence will be issued if you have multiple level one violations

CONSEQUENCES: Referral, parent contact, detention, letter placed in discipline file, academic consequence, notification to honor societies, class level change, etc.

LEVEL THREE: Theft, sale, or distribution of materials that can be used to gain an unfair advantage or falsify a grade—a level three violation consequence will be issued if you have multiple level two violations.

CONSEQUENCES: All level two consequences apply in addition to suspension or expulsion from school. The consequence will be determined during a meeting with the dean, teacher, parent, and student.

Technology Policies

- **Cell phones:** Students will be expected to store their cell phones in a phone holder or designated classroom location throughout each class period as communicated by each teacher. **Cell phones should not be seen or heard in the classroom setting.** Appropriate use of cell phones is allowed during passing periods, during study halls, at lunch, before and after school. Please note that cell phone use is strictly prohibited in locker rooms and restrooms at all times.
- **Ear buds and headphones:** **The use of ear buds and headphones is strictly prohibited in the classroom** unless permission has been granted by the teacher. Earbuds and headphones should not be seen or heard in the classroom setting. For safety reasons, students should also be able to hear announcements, alerts, etc. at all times and, therefore, students are permitted to use one earbud or headphone during passing periods, at lunch, before and after school.
- **District-issued Chromebooks:** Students are required to use their District-issued Chromebook and will not be permitted to use personal laptops or devices in the classroom setting. Student personal devices are not protected by district systems and put student safety and the safety of our network at risk. Additionally, student personal devices are not enabled with applications and programs necessary for the administration of state and AP assessments.
