

## Humanities I & II Syllabus

### District 203 Mission

To educate students to be self-directed learners, collaborative workers, complex thinkers, quality producers, and community contributors

### **Social Studies Department Mission:**

*Our mission is to equip students with knowledge and skills so they can be active global citizens, curious thinkers and empathetic and compassionate human beings through our dynamic teaching and collaboration*

### Course Description

Humanities is an interdisciplinary course which weaves together the literature, fine arts and history of western civilization. Humanities is designed to develop in students an appreciation and respect for the disciplines and create an understanding of their powerful influence on western culture. This course is designed for mature, motivated students. May be used for Fine Arts credit. *This course will be granted Social Studies credit only for members of the class of 2023+.*

### Course Skills

- Visual Literacy (including maps, charts, graphs, political cartoons)
- Identify cause and effect relationships
- Textual Analysis
- Claim Writing and identification of appropriate support

### Grading Calculation Definitions

At Naperville North we define formative and summative work as follows:

- Formative work is used to monitor student's learning to provide ongoing feedback that can be used by students to improve their learning. Examples may include: practice activities, homework, quizzes, etc.
- Summative work is used to evaluate student learning at the end of an instructional unit or segment of learning by comparing it against a standard or benchmark.

### Grading Practices

#### **A statement from D203 on the use of AI Technology**

D203 AI Belief Statement: At Naperville North High School, we strive to build a learner's mindset in all students, developing qualities such as adaptability, communication, critical thinking, and global citizenship. Generative Artificial Intelligence (AI), offers new opportunities to engage with important technology relevant to the future that also raises significant educational considerations. AI tools provide unique ways to engage students in the learning process, hence we encourage our staff to guide students in using AI responsibly. Teachers have the authority to establish guidelines for AI use in their classrooms, setting clear expectations for how AI can be used on learning tasks. Concurrently, we recognize that reliance on AI risks replacing genuine student engagement and original thought, undermining the attributes we aim to cultivate. Striking a balance between leveraging AI tools effectively and maintaining educational standards is crucial to the learning experience of each student.

The purpose of reassessment is to allow students to demonstrate mastery of course standards in which they remain deficient. Higher reassessment grades will replace the original assessment score, but will not exceed 85%.

- Practice work is not eligible for reassessment.
- Evidence of Learning work may be eligible for reassessment. Refer to the chart below for eligibility:

<input type="checkbox"/> The assessment included multiple opportunities for feedback and improvement in the process for the final product OR formative assessments are aligned to standards, allow students to practice in the same assessment format, and gain feedback for improvement before the summative assessment.	<input type="checkbox"/> There was timely and consistent completion of practice work and formative assessments. <input type="checkbox"/> A one-time performance on an assessment does not reflect the student’s level of proficiency leading up to the assessment. <input type="checkbox"/> Summative assessment score is below 85%.
Not eligible for reassessment	Eligible for reassessment if all three statements above are true.

Grades communicate each student’s progress toward mastery of goals/standards for the course.

- No extra credit will be issued.
- In Infinite Campus, a score of “Missing” (M) will indicate an assessment has not been turned in and the comments section will include a specific date by which students can still submit. After that date, a zero (0) will be recorded.
- Blended privileges will be revoked as long as there is missing work outstanding.
- All grades will be considered evidence grades, and because all work fits into the left category above, no retakes will be allowed for the final project.
- If a legitimate attempt is made on a Summative assessment before the conclusion of the next unit, a score of 50% will be the lowest possible grade.
- Violations of the academic integrity policy will be consequenceed by the administration in collaboration with the department chair/teacher.

**Grading Disbursement**

A=100-90%, B=89-80%, C= 79-70%, D=69-60%, F=59-0%

**Grading Breakdown**

- ☐ **All coursework will be evidence.**
- ☐ **Overall Semester Grade =**
  - ☐ **85% course work (formative/ summative) and 15% Final Exam Test or Project**

**Academic Integrity Code Statement**

District 203 students are challenged to address the academic process enthusiastically, diligently, and most importantly, honestly. It is the responsibility of our students, teachers, and administration to uphold the fundamental academic values of honesty, responsibility, fairness, respect and trust. The integrity of our district’s academic programs is built upon these principles.

Academic integrity violations include cheating; plagiarism, self-plagiarism or copy infringement; obtaining or providing an unfair advantage; falsification of documents; unauthorized access to records; and inappropriate collaboration, whether intentional or unintentional. The classroom teacher and administration will collaborate and exercise professional judgment in determining academic integrity violations.

## **Communication**

- You are encouraged to communicate with your teacher regarding questions.
- Teachers make every effort to respond to emails and phone calls within 24 hours during the work week.
- The best way to communicate with teachers is through email; however, if you haven't received a response within 48 hours, please resend the email or call their voicemail. Your email may have been filtered

## **Parents or Guardians**

Naperville North believes in a collective partnership with parents/guardians which provides students the best opportunities for success.

We encourage students and parents to:

- Actively check Infinite Campus for their student's grade.
  - Infinite Campus is a tool to progress monitor student work until final course grade is posted.
  - Monthly progress grades are posted and represent the current grade of a student in the course at that moment in time.
- Discuss missing assignments, reiterate due dates, help organize folders, materials, assignment notebooks and review upcoming projects and assessments.
