July 2025

Dear Students and Parents,

We hope you are enjoying a relaxing summer break and are looking forward to the new school year at Naperville North. Registration is the first step in getting our new year started. This packet contains important information and details on the registration process.

Completing the Online Annual Update is required prior to in-person registration in August – thank you to those who have already completed your update. If you have not yet performed this task, please do so prior to attending registration.

Our upcoming registration is a good time for students to locate classrooms and familiarize themselves with the building.

Our partnership with parents helps make Naperville North an outstanding high school and provides valuable opportunities for families. Information on a few of the parent volunteer opportunities available are included in this packet. We encourage parents to join Home & School, Booster Club and other various organizations to continue our successful partnership together.

Finally, please mark the evening of August 21st on your calendar. This is our annual Open House night when families are invited to walk their student's schedule, meet their teachers, and hear about course content and expectations. This is a perfect opportunity to strengthen our school and family relationship early in the academic year.

2025-2026 will be a great year for students, families, and the entire Naperville North Huskie community. We look forward to welcoming you back soon.

Enjoy the rest of your summer!
