## Course: Advanced Speech

---

<b>Mission</b>	To educate students to be self-directed learners, collaborative workers, complex thinkers, quality producers, and community contributors.
<b>Course Description</b>	This semester course is designed for upper-level students who are interested in learning to employ their skills in various areas of public address, group process, critical listening, and creative speech performance. Students will also study theories of persuasion and logical argumentation in personal and public speaking situations. The course should be of particular interest to the college-bound student who anticipates professional training (law, business, teaching, social service, etc.).
<b>Student &amp; Teacher Communication</b>	<ul style="list-style-type: none"><li>● Students should communicate with their teachers regarding questions and concerns.</li><li>● The most efficient way to communicate with teachers outside of class is through email; however, if you haven't received a response within 48 hours, please resend the email.</li><li>● Teachers make every effort to respond to emails and phone calls within 24 hours during the workweek.</li></ul>
<b>Course Priority Standards</b>	<ul style="list-style-type: none"><li>● RL.11-12.1 Cite strong and thorough textual evidence to support analysis of what the text says explicitly as well as inferences drawn from the text, including determining where the text leaves matters uncertain.</li><li>● W.11-12.8 Gather relevant information from multiple authoritative print and digital sources, using advanced searches effectively; assess the strengths and limitations of each source in terms of the task, purpose, and audience; integrate information into the text selectively to maintain the flow of ideas, avoiding plagiarism and overreliance on any one source and following a standard format for citation.</li><li>● SL.11-12.1 Initiate and participate effectively in a range of collaborative discussions (one-on-one, in groups, and teacher-led) with diverse partners on grades 11-12 topics, texts, and issues, building on others' ideas and expressing their own clearly and persuasively.</li><li>● SL.11-12.4 Present information, findings, and supporting evidence, conveying a clear and distinct perspective, such that listeners can follow the line of reasoning, alternative or opposing perspectives are addressed, and the organization, development, substance, and style are appropriate to purpose, audience, and a range of formal and informal tasks.</li></ul>
<b>Grading Definitions</b>	<b>PRACTICE</b> is used to monitor students' learning to provide ongoing feedback that can be used by students to improve their learning. Examples may include the following: practice activities, homework, reading checks, discussion boards, etc.

**EVIDENCE OF LEARNING** is used to evaluate student learning at the end of an instructional unit or segment of learning by comparing it against a standard or benchmark.

## Grading Practices

- No extra credit will be issued.
- In Infinite Campus, a score of “Missing” (M) will indicate an assessment has not been turned in and the comments section will include a specific date by which students can still submit. After that date, a zero (0) will be recorded.
- Work submitted after the original due date cannot be penalized more than a total of 10% and must be submitted no later than one week (5 school days) after the original due date.
- If a legitimate attempt is made on an assessment, a score of 50% will be the lowest possible grade.
- Violations of the academic integrity policy will be consequence by the administration in collaboration with the department chair/teacher.
- All assessments must be shared in Google format with editing permissions AND submitted to Canvas (unless otherwise directed) or they will not be accepted.

### PRACTICE (0%) / EVIDENCE OF LEARNING (100%)

Speaking/Listening: 50%	Reading: 25%	Writing: 25%
Academic Conversations Formal Presentations Discussion Boards	Reading assessments/quizzes Process papers/essays (done over an extended period of time)	Timed Writings Process Papers/Essays (done over an extended period of time)

### Semester Grade = Coursework (90%) / Final Exam (10%)

A=100-90%, B=89-80%, C= 79-70%, D=69-60%, F=59-0%

## Reassessment Policies

The purpose of reassessment is to allow students to demonstrate mastery of course standards in which they remain deficient. Higher reassessment grades will replace the original assessment score, but will not exceed 80%.

- Original assessment needs to be turned in on time.
- Practice work is not eligible for reassessment.
- Evidence of Learning work with a score below 80% is eligible for reassessment if students have demonstrated readiness through timely and consistent completion of practice work. *This means completing 80% of the practice listed in Infinite Campus as well as the designated learning experiences as assigned by the teacher.*
- Timeline: Reassessments must be completed 5 school days after the student receives feedback (unless otherwise determined by the instructor).
- Assessments that include multiple opportunities for feedback and improvement in the assessment process will represent multiple attempts and be considered a reassessment.
- There will be no reassessment opportunities for certain performance-based assessments (i.e. speeches) as they evaluate skills in progress and are intended to provide students with feedback on their growth.

## Support and Resources

Students can always make appointments with teachers, visit the Literacy Center to work with peer tutors, or attend After School Tutoring.

## Parents and Guardians Partnership

Naperville North believes in a collective partnership with parents/guardians which provides students the best opportunities for success. Some ways parents/guardians can support their student's learning are the following:

- Actively check Infinite Campus for grade updates.
- Infinite Campus is a tool to progress monitor student work until final course grades are posted.
- Monthly progress grades are posted and represent the current grade of a student in the course at that moment in time.
- Discuss missing assignments, reiterate due dates, help organize folders, materials, assignment notebooks, and review upcoming projects and assessments.
