Course: Honors Senior Rhetoric

Mission	To educate students to be self-directed learners, collaborative workers, complex thinkers, quality producers, and community contributors.
Course Description	This semester course is for students who want to move from writing with confidence and competence to writing with depth, style, sophistication and authority. The course is designed for motivated, college-bound writers. Students will learn the writing, speaking, and critical thinking skills necessary to help them communicate learning gained from exploring intellectually demanding topics. Students will undertake a series of essays including, but not limited to, a personal essay (college essay/personal statement) and an essay research project of their own choosing. Students will read a variety of texts with an emphasis on analysis, synthesis, evaluation, and interpretation.
Student & Teacher Communication	<ul style="list-style-type: none">• Students should communicate with their teachers regarding questions and concerns.• The most efficient way to communicate with teachers outside of class is through email; however, if you haven't received a response within 48 hours, please resend the email.• Teachers make every effort to respond to emails and phone calls within 24 hours during the workweek.
Course Priority Standards	<ul style="list-style-type: none">• RI.11-12.6 Determine an author's point of view or purpose in a text in which the rhetoric is particularly effective, analyzing how style and content contribute to the power, persuasiveness or beauty of the text.• L.11-12.3 Apply knowledge of language to understand how language functions in different contexts, to make effective choices for meaning or style, and to comprehend more fully when reading or listening.• W.11-12.4 Produce clear and coherent writing in which the development, organization, and style are appropriate to task, purpose, and audience.• SL.11-12.4 Present information, findings, and supporting evidence, conveying a clear and distinct perspective, such that listeners can follow the line of reasoning, alternative or opposing perspectives are addressed, and the organization, development, substance, and style are appropriate to purpose, audience, and a range of formal and informal tasks.• SL.11-12.1 Initiate and participate effectively in a range of collaborative discussions (one-on-one, in groups, and teacher-led) with diverse partners on grades 11-12 topics, texts, and issues, building on others' ideas and expressing their own clearly and persuasively.
Grading Definitions	<p><u>PRACTICE</u> is used to monitor students' learning to provide ongoing feedback that can be used by students to improve their learning. Examples may include the following: practice activities, homework, reading checks, discussion boards, etc.</p> <p><u>EVIDENCE of LEARNING</u> is used to evaluate student learning at the end of an instructional unit or segment of learning by comparing it against a standard or benchmark.</p>

Grading Practices

- No extra credit will be issued.
- In Infinite Campus, a score of “Missing” (M) will indicate an assessment has not been turned in and the comments section will include a specific date by which students can still submit. After that date, a zero (0) will be recorded.
- Work submitted after the original due date cannot be penalized more than a total of 10% and must be submitted no later than one week (5 school days) after the original due date.
- If a legitimate attempt is made on an assessment and the practice work has been completed, a score of 50% will be the lowest possible grade.
- Violations of the academic integrity policy will be consequence by the administration in collaboration with the department chair/teacher.
- All assessments must be shared in Google format with editing permissions AND submitted to Canvas (unless otherwise directed) or they will not be accepted.

Grading Standards & Weight

Reassessment Policies

The purpose of reassessment is to allow students to demonstrate mastery of course standards in which they remain deficient. Higher reassessment grades will replace the original assessment score, but will not exceed 80%.

- Original assessment needs to be turned in on time.
- Practice work is not eligible for reassessment.
- Evidence of Learning work with a score below 80% is eligible for reassessment if students have demonstrated readiness through timely and consistent completion of practice work. *This means completing 80% of the practice listed in Infinite Campus as well as the designated learning experiences as assigned by the teacher.*
- Timeline: Reassessments must be completed 5 school days after the student receives feedback (unless otherwise determined by the instructor).
- Assessments that include multiple opportunities for feedback and improvement in the assessment process will represent multiple attempts and be considered a reassessment.

Support and Resources

Students can always make appointments with teachers, visit the Literacy Center to work with peer tutors, or attend After School Tutoring.

Naperville North believes in a collective partnership with parents/guardians which provides students the best opportunities for success. Some ways parents/guardians can support their student’s learning are the following:

Parents and Guardians Partnership

- Actively check Infinite Campus for grade updates.
 - Infinite Campus is a tool to progress monitor student work until final course grades are posted.
 - Monthly progress grades are posted and represent the current grade of a student in the course at that moment in time.
- Discuss missing assignments, reiterate due dates, help organize folders, materials, assignment notebooks, and review upcoming projects and assessments.
