| | |
|--|---|
| Mission | To educate students to be self-directed learners, collaborative workers, complex thinkers, quality producers, and community contributors. |
| Course Description | This semester course includes a survey of written works of African American Literature.. The analysis of these writings is supplemented with the study of culture, art, and music in order to understand the importance of African American Literature to the American literary landscape. |
| Student & Teacher Communication | <ul style="list-style-type: none">• Students should communicate with their teachers regarding questions and concerns.• The most efficient way to communicate with teachers outside of class is through email; however, if you haven't received a response within 48 hours, please resend the email.• Teachers make every effort to respond to emails and phone calls within 24 hours during the workweek. |
| Course Priority Standards | <ul style="list-style-type: none">• RL.11-12.5 Analyze how an author's choices concerning how to structure specific parts of a text (e.g., the choice of where to begin or end a story, the choice to provide a comedic or tragic resolution) contribute to its overall structure and meaning as well as its aesthetic impact.• RI.11-12.6 Determine an author's point of view or purpose in a text in which the rhetoric is particularly effective, analyzing how style and content contribute to the power, persuasiveness or beauty of the text.• W.11-12.4 Produce clear and coherent writing in which the development, organization, and style are appropriate to task, purpose, and audience.• W.11-12.8 Gather relevant information from multiple authoritative print and digital sources, using advanced searches effectively; assess the strengths and limitations of each source in terms of the task, purpose, and audience; integrate information into the text selectively to maintain the flow of ideas, avoiding plagiarism and overreliance on any one source and following a standard format for citation.• SL.11-12.1 Initiate and participate effectively in a range of collaborative discussions (one-on-one, in groups, and teacher-led) with diverse partners on grades 11-12 topics, texts, and issues, building on others' ideas and expressing their own clearly and persuasively. |
| Grading Definitions | <p>Practice: is used to monitor students' learning to provide ongoing feedback that can be used by students to improve their learning. Examples may include the following: practice activities, homework, reading checks, discussion boards, etc.</p> |

Evidence of Learning: is used to evaluate student learning at the end of an instructional unit or segment of learning by comparing it against a standard or benchmark.

Grading Practices

- No extra credit will be issued.
- Academic behaviors can be included in the grade calculation when they are critical to student success in the course and those behaviors are taught and practiced in the classroom.
- In Infinite Campus, a score of “Missing” (M) will indicate an assessment has not been turned in and the comments section will include a specific date by which students can still submit.
- Work submitted after the original due date cannot be penalized more than a total of 10% a day and must be submitted no later than one week (5 school days) after the original due date. After that date, a zero (0) will be recorded.
- If a legitimate attempt is made on an assessment, a score of 50% will be the lowest possible grade.
- Violations of the academic integrity policy will be consequence by the administration in collaboration with the department chair/teacher.
- All assessments must be shared in Google format with editing permissions AND submitted to Canvas (unless otherwise directed) or they will not be accepted.

Reassessment Policies

The purpose of reassessment is to allow students to demonstrate mastery of course standards in which they remain deficient. Higher reassessment grades will replace the original assessment score, but will not exceed 80%.

- Original assessment needs to be turned in on time.
- Practice work is not eligible for reassessment.
- Evidence of Learning work with a score below 80% is eligible for reassessment if students have demonstrated readiness through timely and consistent completion of practice work. *This means completing 80% of the practice listed in Infinite Campus as well as the designated learning experiences as assigned by the teacher.*
- Timeline: Reassessments must be completed 5 school days after the student receives feedback (unless otherwise determined by the instructor).
- Assessments that include multiple opportunities for feedback and improvement in the assessment process will represent multiple attempts and be considered a reassessment.

Support and Resources

Students can always make appointments with teachers, visit the Literacy Center to work with peer tutors, or attend After School Tutoring.

Parents & Guardians Partnership

Naperville North believes in a collective partnership with parents/guardians which provides students the best opportunities for success. Some ways parents/guardians can support their student's learning are the following:

- Actively check Infinite Campus for grade updates.
- Infinite Campus is a tool to progress monitor student work until final course grades are posted.
- Monthly progress grades are posted and represent the current grade of a student in the course at that moment in time.
- Discuss missing assignments, reiterate due dates, help organize folders, materials, assignment notebooks, and review upcoming projects and assessments.

Plagiarism

What is it?

The taking of another person's ideas and passing them off as your own

When am I guilty of plagiarism?

CONSEQUENCES: Referral, parent contact, detention, letter placed in discipline file, academic consequence, notification to honor societies, class level change, etc.

LEVEL THREE: Theft, sale, or distribution of materials that can be used to gain an unfair advantage or falsify a grade—a level three violation consequence will be issued if you have multiple level two violations.
