- **Evidence Work- 90%** - Reading Quizzes, Vocabulary Quizzes, Labs, Papers, Unit Tests & Projects

Grading Practices

At Naperville North we define “**Practice**” and “**Evidence**” work as follows:

- Practice work is a fundamental part of the learning and preparation process and will not be accepted after the due date unless specifically requested by the teacher.
- Evidence of learning (Summative or formative assessments) submitted after the due date cannot be penalized more than a total of 10% and must be submitted within 5 school days after the original due date.
- A zero on a summative assessment will only indicate that no attempt was made by the student. OR If a legitimate attempt is made on an assessment, a score of 50% will be the lowest possible grade.
 - Students will be eligible for the 50% floor through timely and consistent completion of practice work and formative assessments.

Reassessment Policy

- The purpose of reassessment is to allow students to demonstrate mastery of course standards in which they remain deficient.
- Students who have demonstrated sufficient learning of the essential standards, but scored below 80% will be allowed reassessment opportunities on summative assessments if they so choose. To be eligible for reassessment, students must
 - Demonstrate readiness for the assessment through timely and consistent completion of practice work and formative assessments.
 - Complete designated learning experiences as assigned by the teacher
- Reassessments **MUST** be completed within 5 school days of the student receiving feedback unless otherwise determined by the instructor. The reassessment deadline should be communicated in an Infinite Campus comment.
- Project-based assessments that include multiple opportunities for feedback and improvement in the assessment process will represent multiple attempts and be considered a re-assessment.
- Higher reassessment grades will replace the original assessment score (but will not exceed 80-90% selected by the school).

Academic Integrity Code Statement

District 203 students are challenged to address the academic process enthusiastically, diligently, and most importantly, honestly. It is the responsibility of our students, teachers, and administration to uphold the fundamental academic values of honesty, responsibility, fairness, respect and trust.
