July 2021

Dear Students and Parents,

We hope you are enjoying a relaxing summer break and are looking forward to the new school year at Naperville North. We, as a Huskie community, overcame countless teaching and learning challenges last year, so we are eager to experience school in a more traditional sense this fall. Registration is the first step in getting our new year started. This packet contains important information and details on the registration process.

Completing the Online Annual Update is required prior to in-person registration in August – thank you to those who have already completed your update. If you have not yet performed this task, please do so prior to attending registration. Details on the process can be found in this packet.

Our upcoming registration is a good time for students to locate classrooms and familiarize themselves with the building. This will be especially true for those who are new to NNHS or spent last year online. In this packet you will find information about the “Enter With Pride” event for freshmen on Friday, August 13th from 8AM-Noon. “Enter With Pride” is a valuable introduction to life at NNHS and we encourage all freshmen to attend.

Additionally, we would like to invite all grade levels to attend “The Pack Is Back” on Tuesday, August 17th, from 5:30-7:30pm. At this event, students can meet their peers, receive a tour of the building, and learn tips on how to succeed while at North. The event will also include music, treats, and NNHS swag. More details will be shared as the date approaches.

Our partnership with parents helps make Naperville North an outstanding high school and provides valuable opportunities for families. Information on a few of the parent volunteer opportunities available are included in this packet as well. We encourage parents to join the Home & School, Booster Club and other various organizations to continue our great partnership together.

Finally, please mark the evening of August 25th on your calendar. This is our annual Open House night when families are invited to walk their student’s schedule, meet their teachers, and hear about course content and expectations. This is a perfect opportunity to strengthen our school and family relationship early in the academic year.

We believe 2021-2022 will be a great year for students, families, and staff of the Huskie community and I look forward to leading you through it once again.

Enjoy the rest of your summer!

Sincerely,

Stephanie Posey
