Huskie Families,

Please check out the Howler this week for opportunities to lead or tutor next year. There is also information on the free vaccination opportunity for students aged 12-17 this Saturday. It is not too late to sign up and health insurance is not required.

I am repeating this paragraph due to the importance of completing this timely process. Each year, families are required to update their student's information through their Campus Parent Account. The Online Annual Update for returning families must be completed by May 31, 2021. If you do not complete your update by May 31, 2021 you will be required to complete the Online Annual Update AND provide proof of residency in order for your student(s) to attend a Naperville 203 school for the 2021-2022 school year. Information on this important process is included in the Howler.

Have a terrific day!

Jay Wachtel
