

LIVE, LOVE, LAUGH, LEARN

We are a parent-led organization with the support of District 203 leadership committed to serving African American/Black students and families to enhance learning outcomes, foster family school connectedness, and ensure that everyone is welcomed, valued, and respected. We welcome anyone who supports our mission.

The mission of SUCCESS at Scott School is to ensure that all students have an equitable opportunity to achieve academic success. We are committed to serving African-American/Black students and families who have experienced academic inequities and to share information, resources, and academic support. We encourage parent and teacher relationships and parent involvement. We welcome anyone who supports our mission. Regardless of race or ethnicity. We hope to cultivate a community of "all for one, and one for all," because we believe that

SUCCESS

"Together We Can"

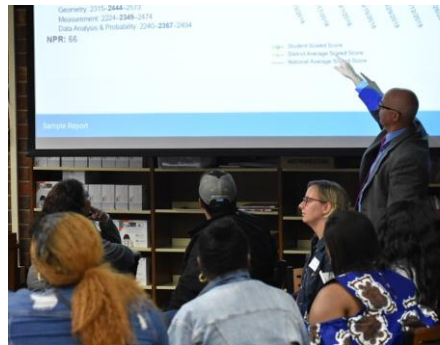

EDUCATE AND EMPOWER

ENCOURAGING PARENT INVOLVEMENT

Why is it important for parents to be involved in their child's education?

Research shows that parent involvement in schools improves student achievement, and restores **parents'** confidence in **their** children's **education**. Students with **engaged parents** earn higher grades and test scores, they have better social skills, and show improved behavior.

Working together To Make A Difference!

TOGETHER WE CAN

What Is Success?

Success is an organization that fosters a healthy environment of diversity and inclusion within our schools and community.

We are deliberately acting to help cultivate an environment where all different kinds of people can thrive and succeed, regardless of race, ethnicity, social class, national origin, and all the things that make us different.

We aspire to make important information that could help our children thrive and succeed available and accessible, including but not limited to: resources, tutoring, testing, clubs, activities, academics, and social/behavioral help. We encourage and support building strong relationships with your child's teacher.

Parent-Teacher-Child-Community

How We Do, What We Do?

We come together to educate, empower, share information, and discuss expectations of the school, district, parent, and children. We work together to resolve challenges.

We have fun and create environments for healthy social behaviors for our children.
